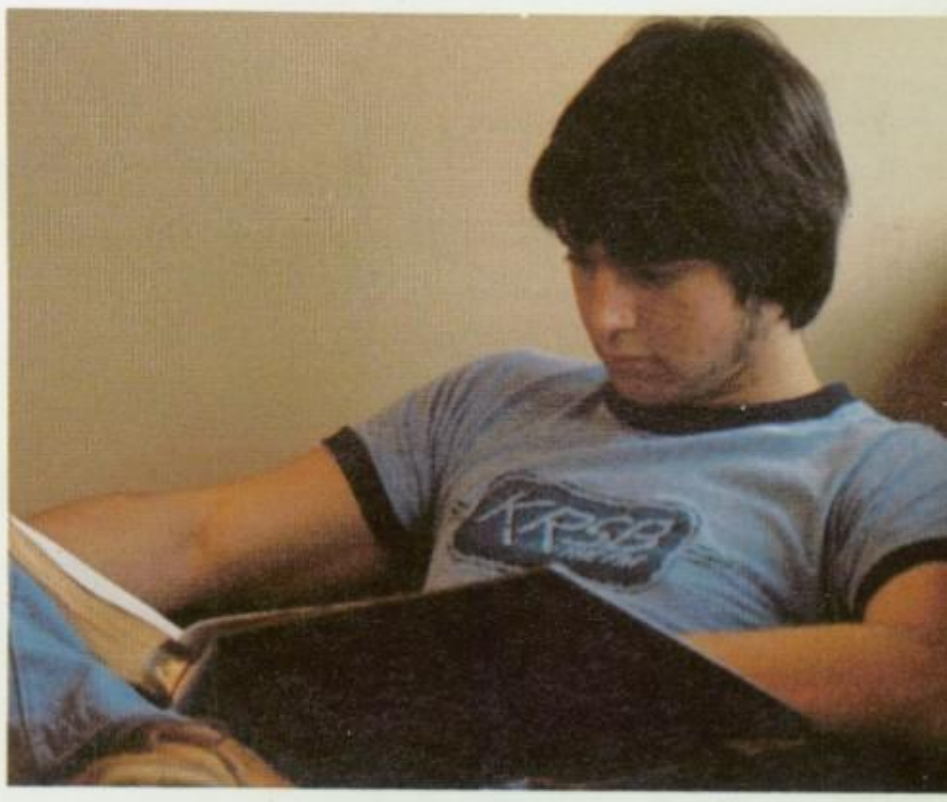
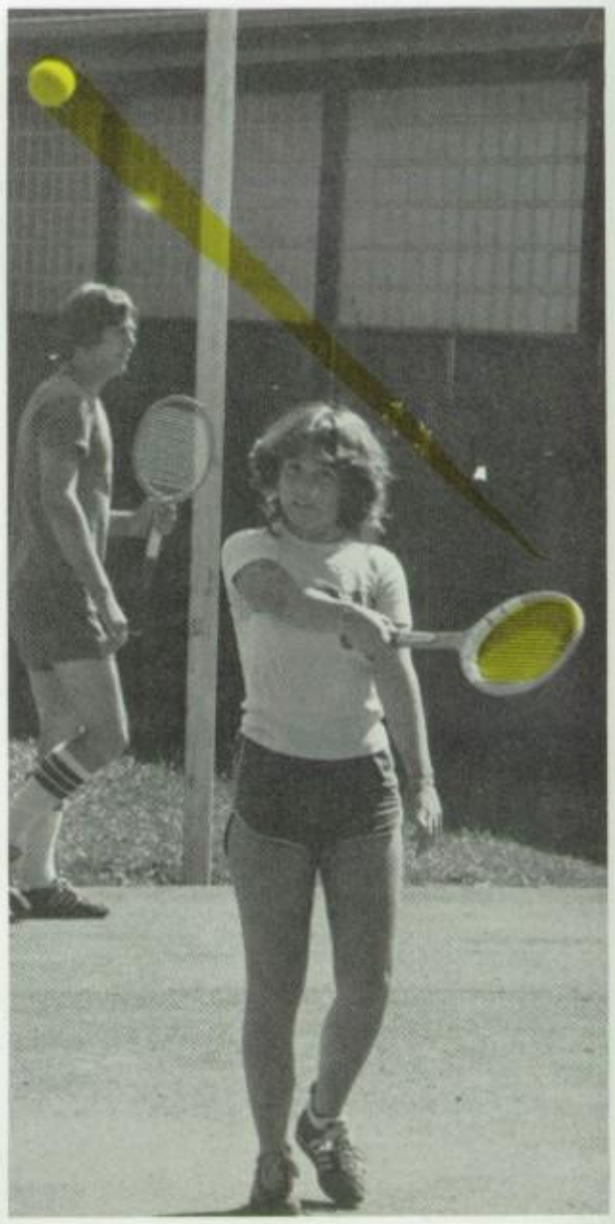
GOING SOMEWHERE?



We've got ENERGY. We play at sports, write term papers, try out for plays, and hold part-time jobs.

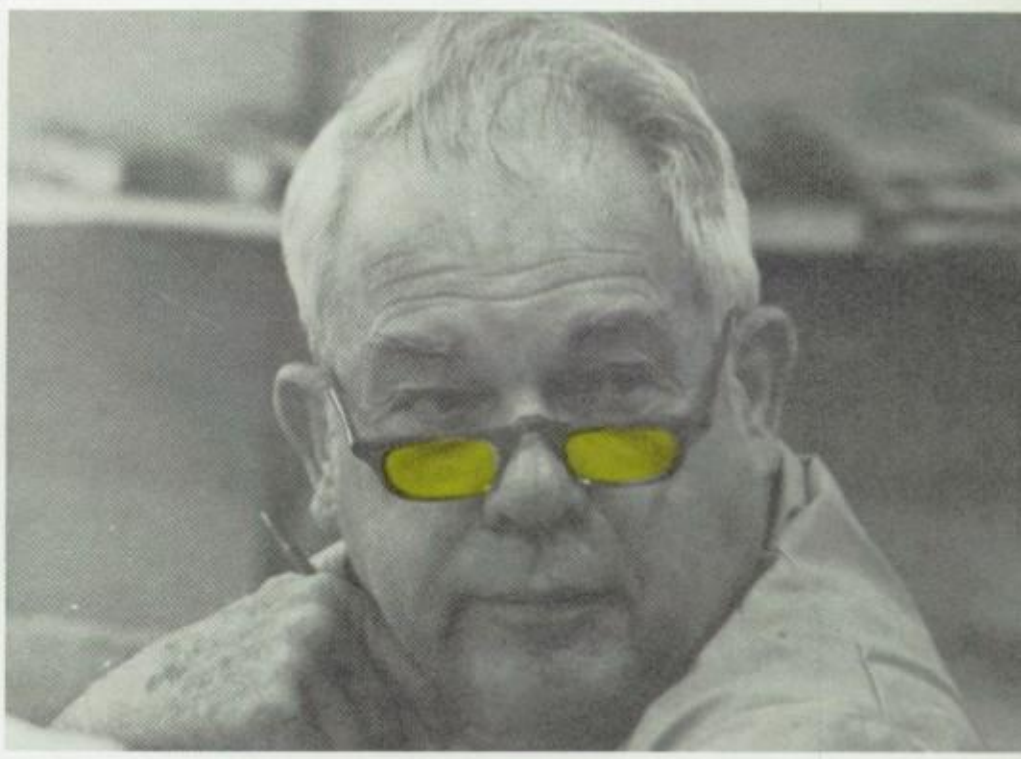
We've got VISION. We take Home Ec., shop, Personal Finance, and a dozen other courses to prepare us for the future.

We've got HUMOR. We laugh with our teachers and laugh at ourself.



We're PERPETUAL MOTION. Four hundred people with just as many different ideas, activities, and plans.

We're all GOING SOMEWHERE, but though we're all headed in different directions, we all have to pass through here. Look back on this year and see where you've been



So here you are. This is High School. Look around. Go ahead. What do you see? I'll tell you what you see. You see energy, you see life, you see people doing what they do best, having a good time. That's the Glide High School that this book is out to show you. There's a lot more to going to school than just classes. There are friends, games, first loves, new experiences. There's also plenty of learning going on though, not just from the teachers and books, but from all the people around us.

Face it, high school times are probably one of the most important times of our lives, whether we're planning to be doctors or mill workers.

This is your chance to look back and remember what it was like for you, because these times are different from any other times. They're your times, and now they're yours to keep forever.

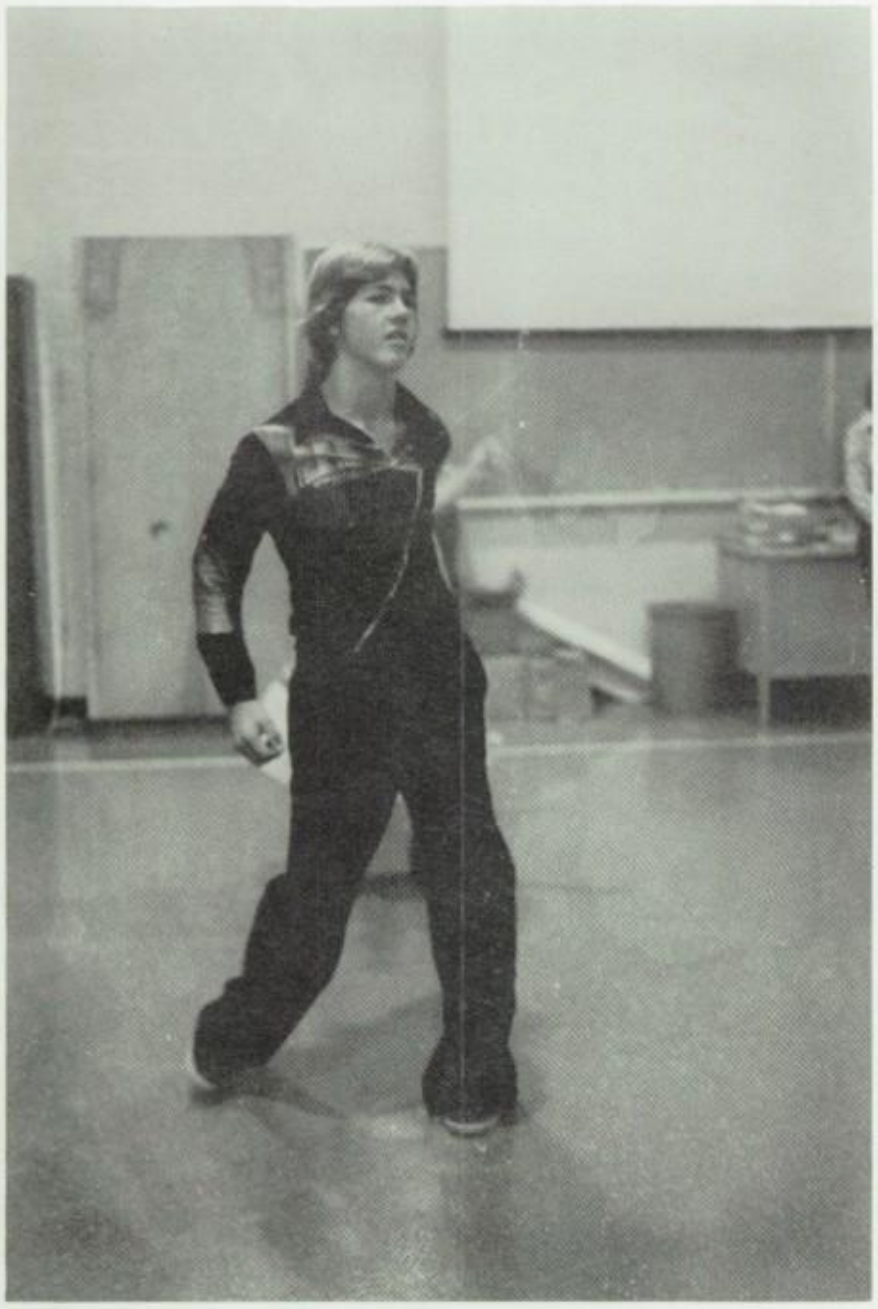
DISCO MANIA

As Friday night fever enveloped Glide High School, plaster was shaken from the ceiling of the cafeteria by the bassy vibration of Disco.

Jim Marsh, Cathy Gibbons, and Debbie Quimby boogie to the sounds of the Feedback Brothers as do Mrs. Robertson and Mr. Jordan. Some students even learned how to disco, as Tracy Heidrick and Mike Irving demonstrate.

Facing page finds us with Brett Douglas, Stacy Earp, Theresa Owens and Willie Miller as they get down. As Rob McFarland burns rubber on the gym floor, Donna Douglas catches the steam and rolls on.



That's the way it was

This was 1978 and you were a part of it.

The Star Wars phenomenon was still going strong. Take-offs of the extraterrestrial extravanganza, programs like "Battlestar Galactica" and "Mork and Mindy", filled our TV screens.

John Travolta ignited Discomania with Saturday Night Fever, and soon after game dances throbbed with sounds of the Beegees.

Everyone was talking about that "wild and crazzzy" comedian Steve Martin. "Ex-c-u-u-se me" became the standard greeting at Glide.

Just as wild and crazy was this year's tee-shirt craze. Diehard jeans-wearers attracted new attention with messages like "Semi Macho" and "I'm with Stupid" blazoned across their chests.

And shoes were a part of it, too. Did you jog to class in your Nikes, clomp in your clogs, strut in high fashion sandals, or sneak in under the wire in your earth shoes?

It was a wild, crazy, classy, wonderful year.

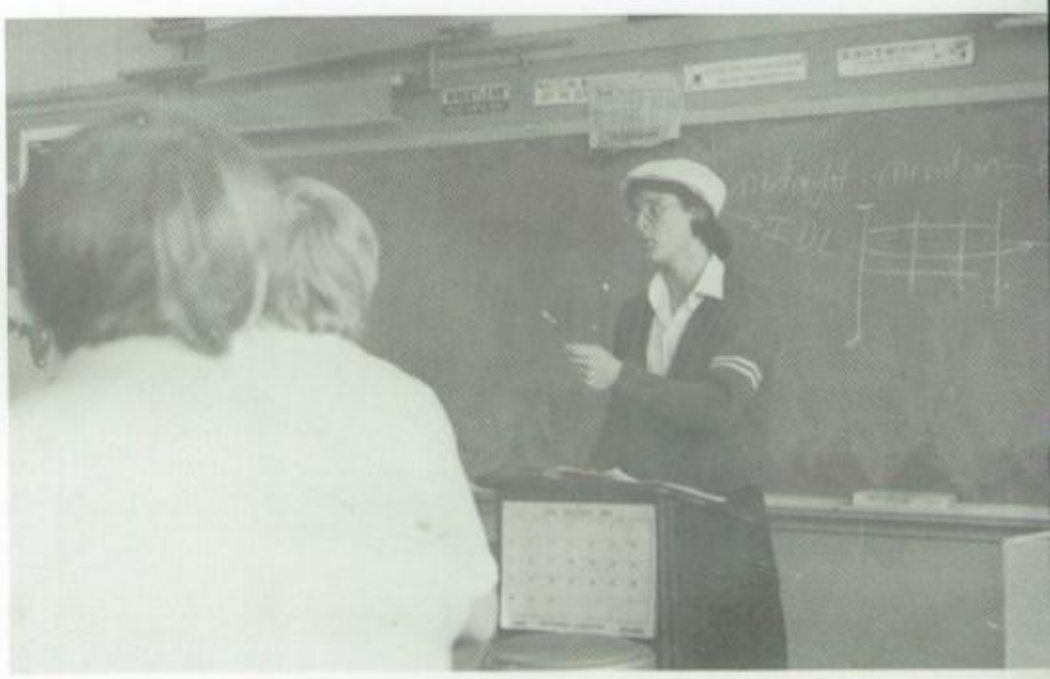
HOMECOMING 78

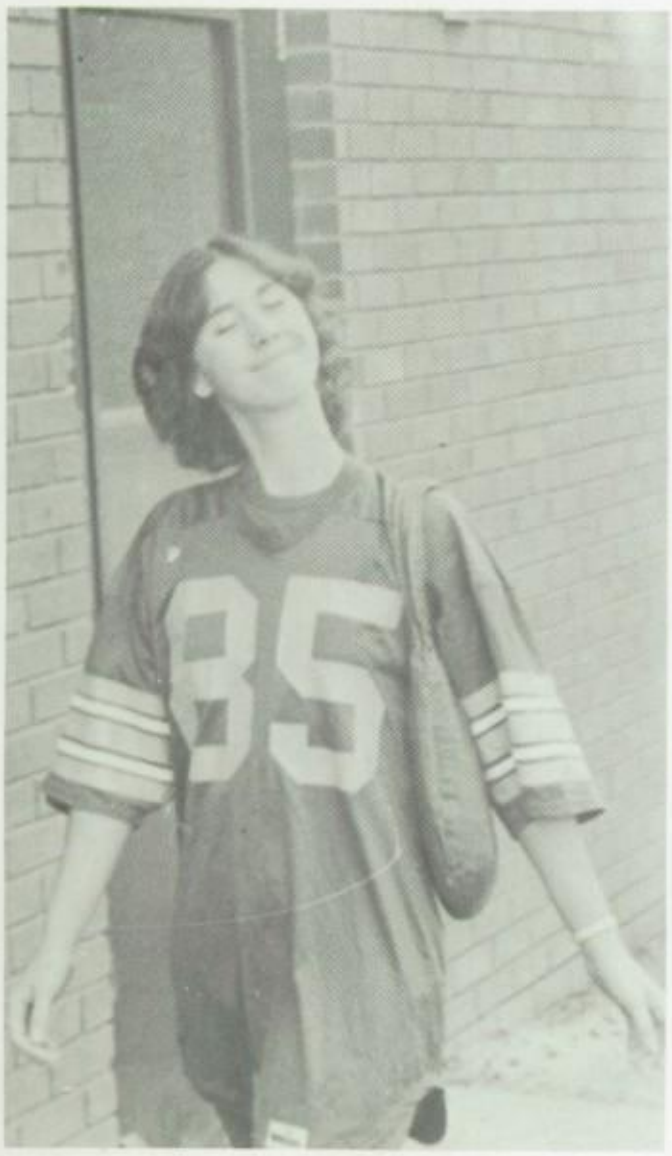
This year's Homecoming Week was well organized and received great participation. The dress up days included Hat Day, Frontier Day, Grease Day, Disco Day, and ended with Blue and Gold Day. Two new exciting events were Boy and Girl Hush Days, which proved that most kids could not lead a normal school day without flapping their jaws. Also new was the disco dance held during noon when everyone boogied and hustled about.



Clockwise from above, John Hanlin, Lori Johnson, and Dodie Young get into the spirit of Hat Day while below John Cyphert lectures about the good ol' days.

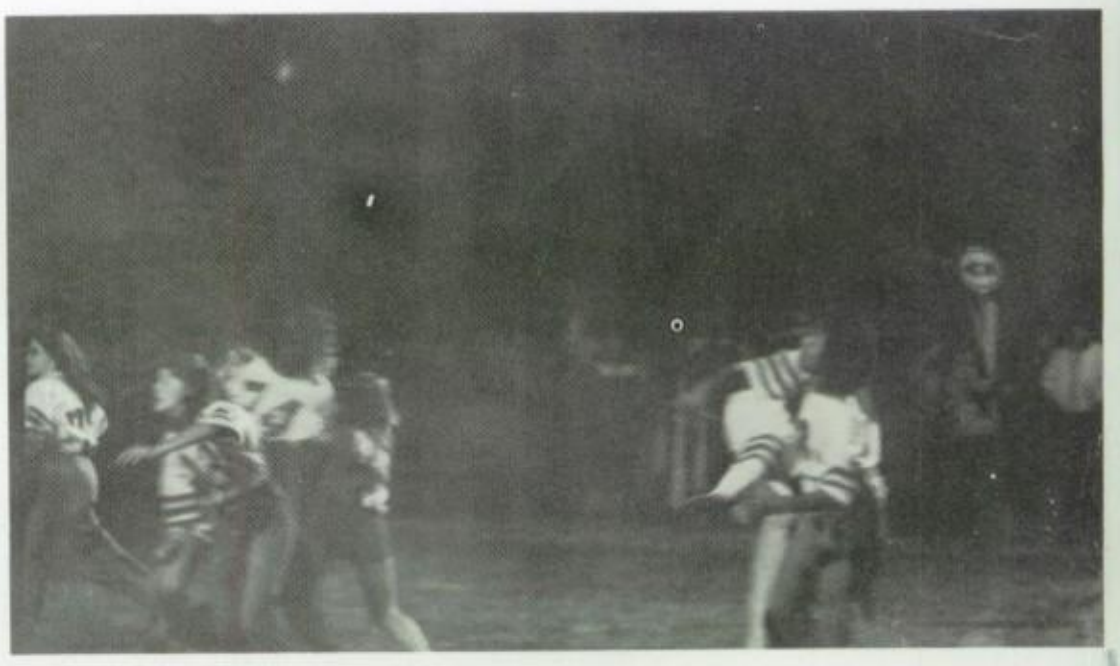
On the facing page, as George Hickey makes his studly appearance Nancy Howe clasps her hands to give herself that charming look of the 50's. Dawn Coulombe and Charlie Livermore grin over the week's activities, while Michelle Stevens displays her battle uniform for the Powder Puff.

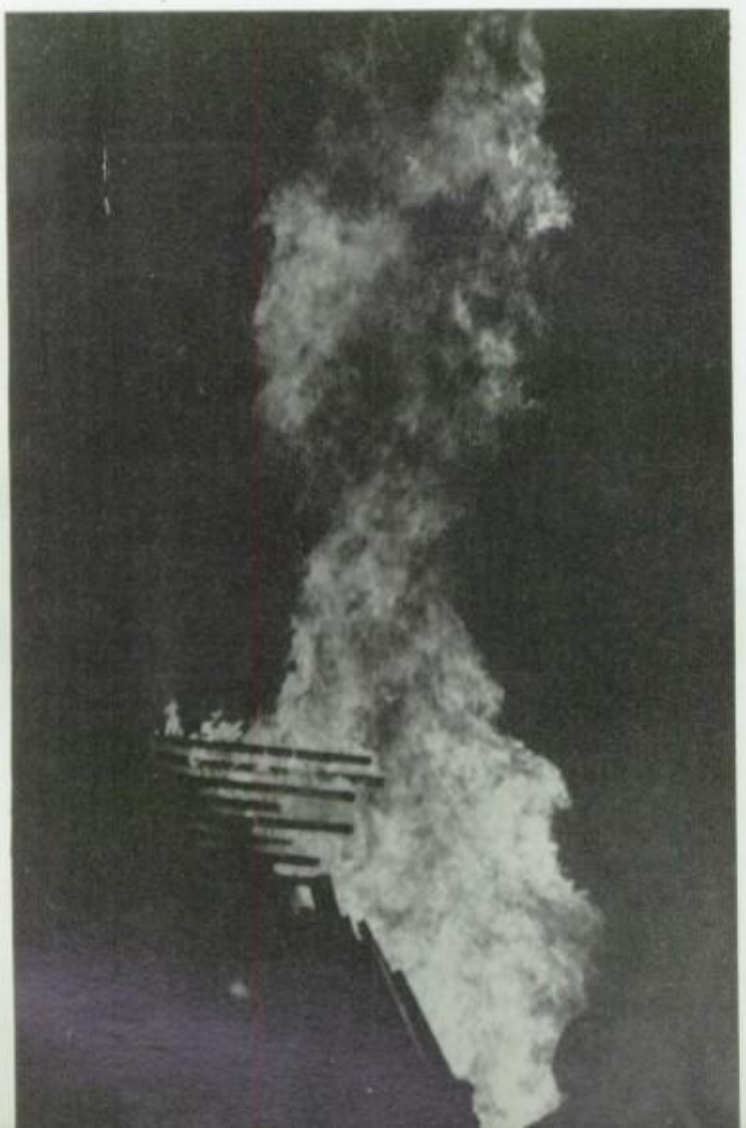
DAYS TO REMEMBER



Powder Puff

The Agony of Defeat!!! With only six seconds of the Powder Puff game left the Fender Benders were ready for a sure victory as Dana Hogan had scored a touchdown. But to the surprise of many, Karen Christensen of the Bionic Broads carried the ball in for a touchdown and of course, a VICTORY. Overall the enthusiasm from the girls was dynamite so the point of winning really didn't matter. The final score of the game was 8-6, Bionic Broads. The outstanding coaches were Smith and Render and also Wallace and Hodges.





HOMECOMING DANCE

On October 14, our Homecoming Dance was held. The band chosen was Shogun, who seemed to play a lot of enjoyable music. The princesses and their escorts were: freshmen Julie Meracle and Greg Bryant; sophomores Mary Reid and David Watkins; juniors Mary Magness and Chuck Guyer; seniors Laurie Miller and Brad Onstott. For all around were Don Vaughn and Marcia Collins. Marcia later was crowned Queen.

Winter Waltz

The '78 Christmas Dance turned out to be a festive evening. Star Phase Effects was invited to turn on the disco. The dance, held in the junior high gym, produced a large turn out. The Christmas spirit projected by the decorative atmosphere was due to the people who put on the dance, Girls League.

The queen and king of the dance were Lori Miller and Keith Chapman. They were followed by seniors, Tina Finnell and George Hickey; juniors, Shelley Toulou and Rick Hink; sophomores, Kathy Casto and Steve James; and freshmen, Lourie Marshall and Clinton Savage.

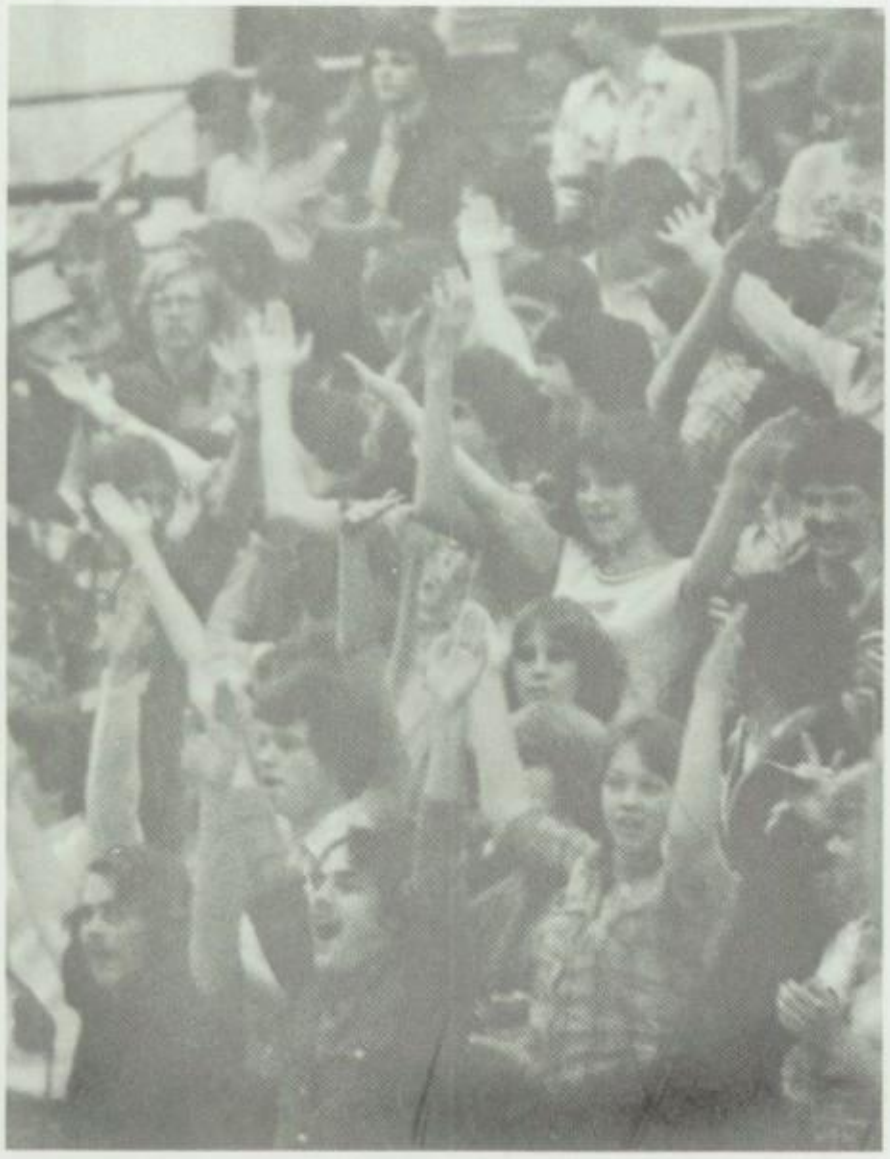
Facing page: The flash catches Tina Finnell, John Cyphert, Bella Diaz, and Robert Ladig as they disco to the beat of Star Phase.

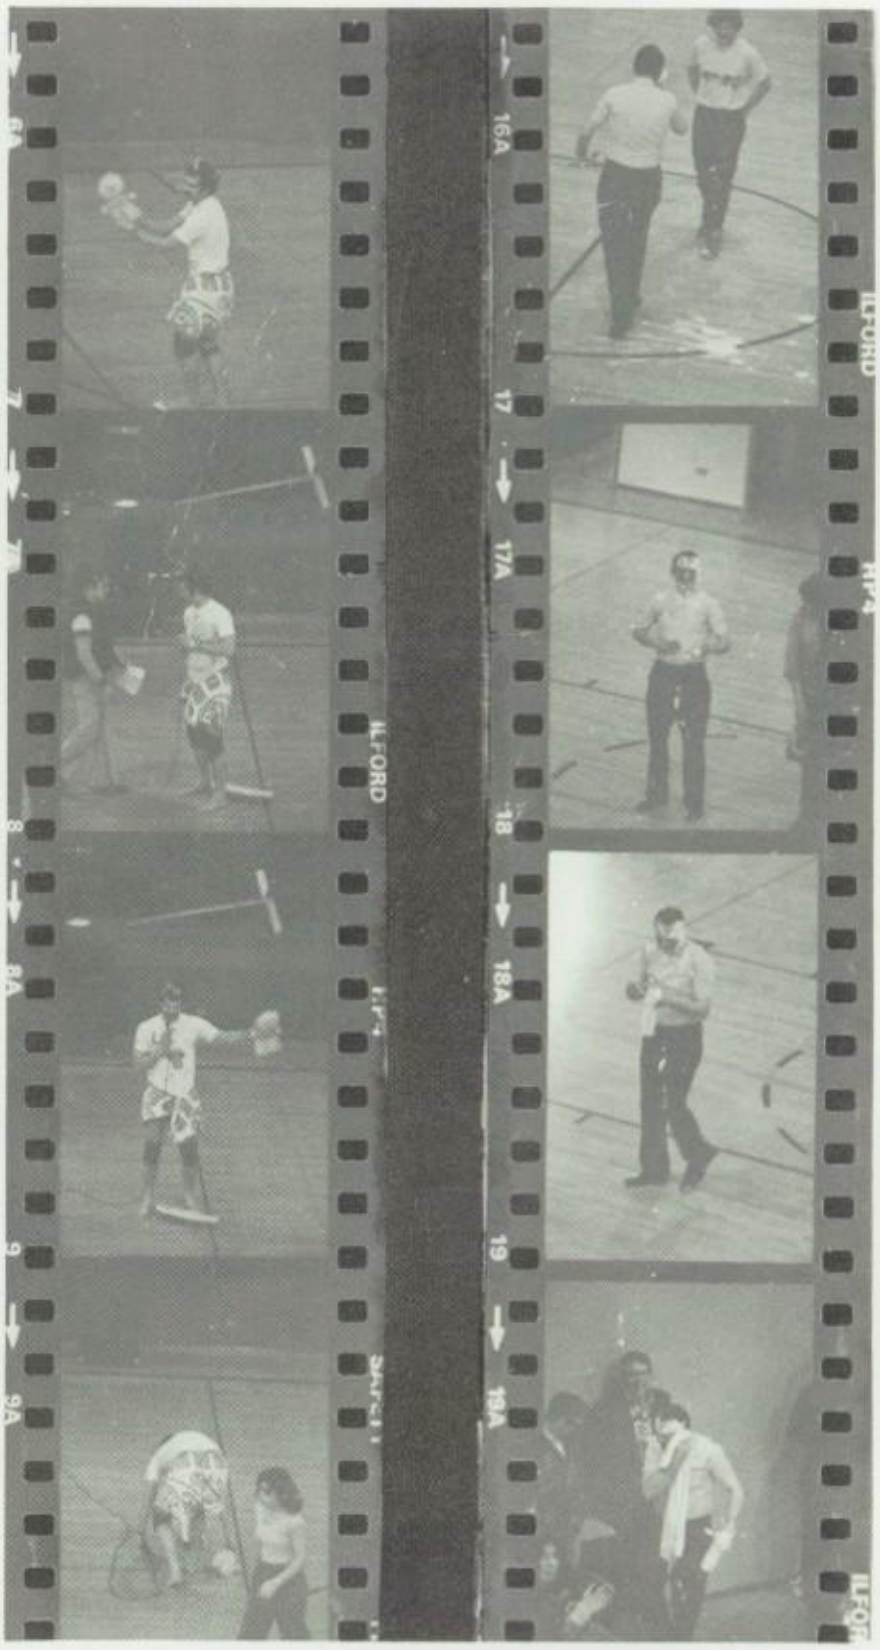
Below: Gilda Alberto and Bella Diaz pose for the Glamour center-fold while right, people mix their maneuvers on the dance floor.

Glide Pops Pep

This year's pep assemblies included everything: class competition, music, art, cheerleading and skits, special honors, sports recognition, slave auctions.....

Clockwise from above, the Air Force Band played everyone's favorite hits, providing one of the most peppy assemblies and receiving a standing ovation. The football team shows some great Wildcat spirit. Artist Bruno Zaffina sketches a portrait of Mr. Bergstrom. During class competition, the caterpillar of seniors shows their determination.





Lunatic students do the Y..M..C..A to the sounds of the Air Force Band. Slave Altvatter glides on his skateboard attired in bermuda shorts and carrying his teddy bear. Students had a dream come true when a cream pie flew into the "beloved" face of our principal, Mr. Bergstrom. The skit the cheerleaders performed was so exciting they actually fell asleep. Cheerleaders look on as class competition carries on.

SKI CLUB

Due to lack of available school funds, the Ski Club was able to provide only one trip this year. However, their one-day trip to Mt. Bachelor was said to have been an unqualified success.

Clockwise: Club members brave the warm sunshine to rehash old ski injuries. Back row: advis-Peny Wallace, Nathan Hightower, Nancy Howe, Linda Banta, Cindy Josh, Melissa Mosher, Keith Chapman. Middle row: Sherrie Mallory, Pam Christensen, Bev Ramlow, LaRhoda Gunderson, Kim Swanson, Rick Hink, Cynthia Price, Jordan Buck, and advisor Robert Altvatter. Sitting: Brenda Page, Lydia Henke, Erin Rees, Mark Axton, Kathy Casto , Tammy Walker, Karen Christensen.

Peny Wallace, co-advisor and master of the "ski for two" technique, looks forward to skiiing solo skiing next year. Ski Club officers Brenda Page, Nancy Howe, Keith Chapman, and Melissa Mosher line up a prospective member.

Glide Experiences Europe

March 9th sixteen students and two chaperones left for Europe. After a nine hour plane ride, these survivors arrived in London. Here they enjoyed the sights of Buckingham Palace, Big Ben, Westminster Abbey and No. 10 Downing St. Their next destination was Paris where they visited the Louvre, Eiffel Tower, and the cathedral of Notre Dame. Next came Germany where the group visited outdoor markets, Heidelburg Castle, and former Glide student Dawn Coulombe In Belgium they stayed in Brussels and visited many lace shops. On March 29 these now hardy souls returned from their action-packed trip.

This play was Director Sue Render's last attempt at a reunion with her four-year dramatists. Rusty Cole and John Cyphert played Oscar Madison and Felix Ungar of this popular and famous Neil Simon play, topping off four years of high school plays with starring roles opposite each other, a set-up requested by prominent members of the Glide community. The leads were supported amply by Mark Axton, Ralph McMullen, Jim Waugh, and Greg Cole as card players, and Tammy Phillips and Donna Kennedy as the Pigeon Sisters.

THREE ONE-ACT PLAYS"

The last gathering of 1979's senior actors, these three one-act plays were well-performed despite the solemn conditions. The first play performed was " A Marriage Proposal" followed by the oft-misunderstood "Camera Obscura" and topped off with the all-senior staffed "An Overpraised Season", appropriately enough about high school seniors about to graduate. Directors were Bob Wiard, Sue Render and senior Mark Axton,

supported by actors Tammy Phillips, Andy Young and Jim Waugh ("Proposal") John Cyphert and Donna Kennedy("Camera" and "Overpraised") Laurel Singleton, Ralph McMullen and Rusty Cole ("Overpraised").

National Honor Society

Honor Society has maintained the integrity of a prestigious and elite group of students who excel in scholarship, leadership, character and service. Those who excelled this year are Debi Buck, Keith Chapman, John Cyphert, Stuart Grenfell, Dana Hogan, Donna Kennedy, Melissa Mosher, Casey Schmidt, John Sheppard, Linda Banta, Lynette Goodemote, Joel Harvey, Gayland Looney, Mary Magness, Marie Paselk, Jeff Sheppard, Barry Swan, Naomi Thuemler, Shelley Toulou, Brett Wadsworth, Karen Deedon, Stacey Joseph, and David Watkins.

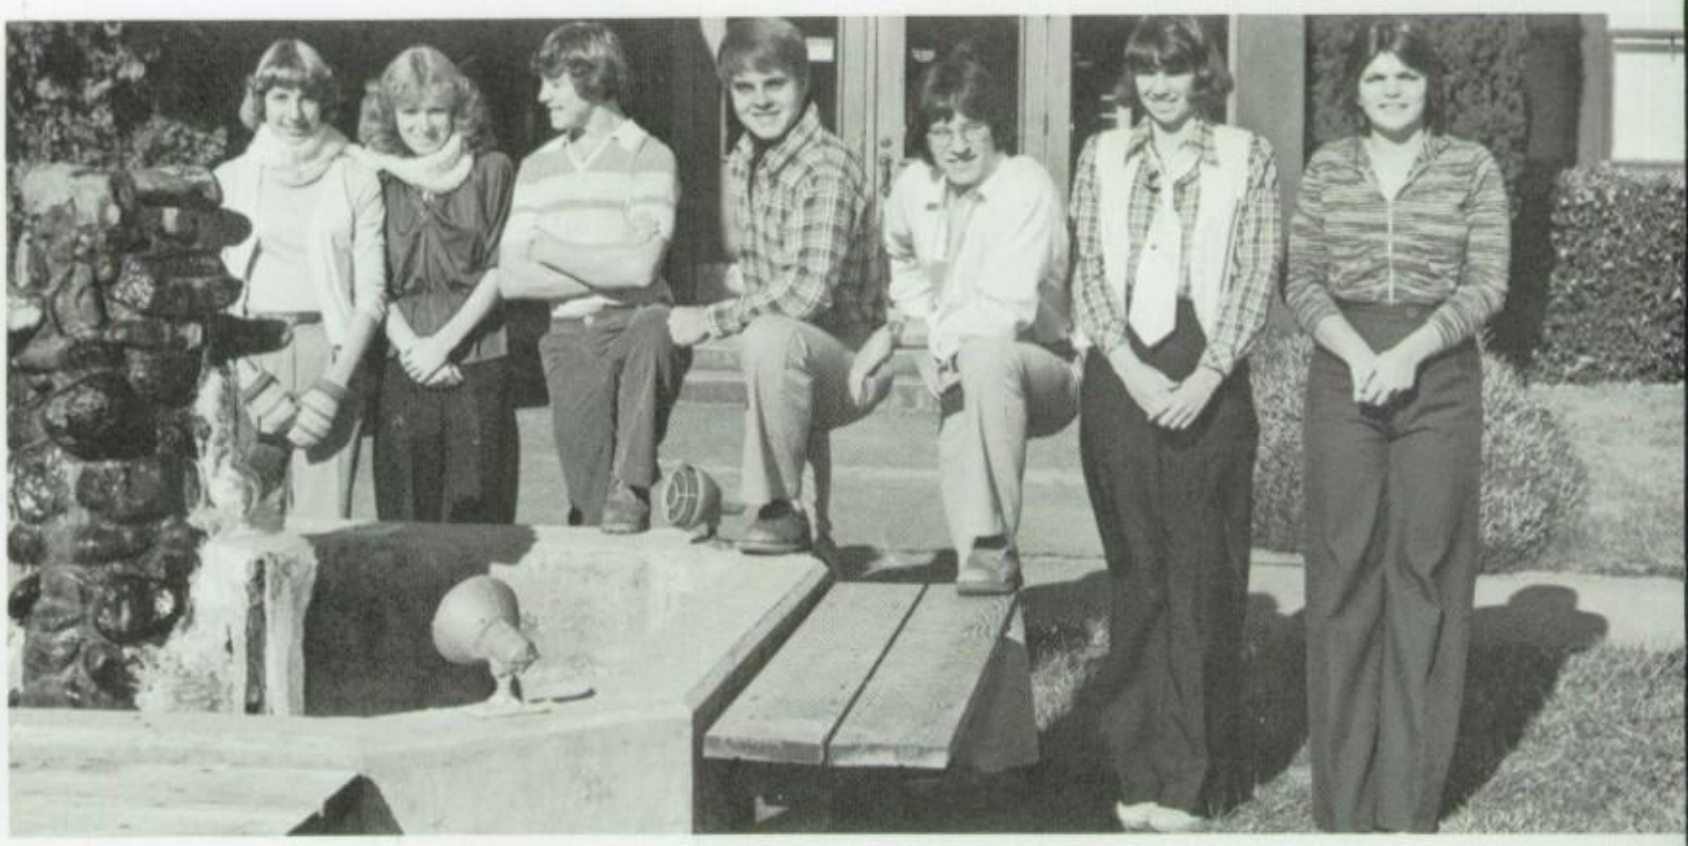
Left: A group of "eager" scholars meet with advisor Mr. Trolinger.
Below: Shelley Toulou, Naomi Thuemler, and Marie Paselk at the tapping with Mr. Trolinger smiling his approval.

Student Council



This year, Student Council was successful in generating interest and enthusiasm. It was the intent of the council to replace apathetic feelings with those of spirited energy. Several times during the year extremes had to be reached to accomplish this task. They were busy this year, organizing activities and events, trying to solve numerous cases of theft and vandalism, and fighting with the administration on issues involving students.

Pictured above are Student Council officers L. Marchando, K. Woolpert, B. Onstott, B. Wadsworth, J. Cyphert, M. Mosher, and T. Coates.

Varsity Football '78

The 1977-78 Glide Wildcat Football Team was a young and inexperienced group. With only three senior lettermen, it lacked the depth and experience needed for the tough Sky-Em league. Measured in terms of physical development and playing time, the season was a success.

Receiving all-league honor at the completion of the season were Keith Chapman, 2nd team wide receiver and Scott Fugate, 1st team defensive back.

Twenty-two players received varsity letters, eighteen of whom will return next year.

Bottom row-Coach Cleve Thompson, Keith Swanson, Don Collins, Rick Moffit, John Fummerton and Ray McClinton.

The 1978-79 J.V. football season wasn't what you would consider a good season.

Even though they never won any games it was still an useful season for all the young players on the squad. Everyone got to play a great deal and try out several positions so they had a chance to witness many different aspects of football.

Players who received special honors for their season were Don Collins, Rick Moffit, John Fummerton and Richard Quimby.

Above (left to right). Don Collins looking for one of his receivers. Stephen James about to boot another great punt. Tony Sheppard playing excellent defense against the pass.

WILDCAT FROSH

Practice began in August of 1978 with daily doubles to insure good conditioning. We then branched off as an individual unit preparing for our frosh games to follow.

Competition was keen through out the season and many games were decided in the last few minutes. This made for a very exciting season. All the players received a lot of playing time and their positions varied throughout the season.

Each player competed with the type of dedication and intensity that is necessary to become a winner.

Freshman football at Glide High School is quickly improving to show great promise for the total football program. Basic skills are learned early and aided by the new 7th grade program. This will help even more with the following seasons to come to develop good athletes with knowledge of the game as our freshman had this year.

(Clockwise from above) Coach Rada and Scott Collins swap play ideas during a time out. Ron Harryman looks to the photographer for help Charlie Schmidt breaks another completion for long yards.

Varsity Volleyball

The saying, "Winning isn't everything; it's how you play the game," holds true for our varsity volleyball team. Although they out played their opponents on numerous occasions, fate wasn't with them. They ended with a record of 4-10.

Varsity, top row; Coach S.McManus D.Moffit, C.Scott, K.Christensen, E.Jones, M.Mosher, J.Morse and K. Hackett(managers). Front row; M. Stevens, T.Gardner, D.Hogan, N. Howe, and S.Joseph. Clockwise: E.Jones knows that what goes up must come down, and she's waiting. The girls warm up before a game.

J.V. Volleyball

Frosh

The freshmen volleyball team deserved all the credit they got and more. They finished the season with a record of 15-2. Coach Rogers has high hopes for next year's team.

Freshmen, clockwise from the top: L.Oestman, K.Casto, L.Pease, A. Scevers, D.Rose, T.Robison, H.Snow, T.Morgan.

Drill Team

After hours of planning routines, practicing, and sewing costumes, the new Glide drill team finally made their debut on February 23. Now that they know the ropes, advisor Ann Evans says that the group will be a regular part of half-time entertainment for both football and basketball games.

Of the 1978-79 season, Mrs. Evans said, "I wanted the drill team to provide a new interest and new outlet for the girls' energy and a new opportunity to develop talent and womanly qualities of grace and composure. Besides, it's fun."

Clockwise: The drill team, in their first performance, already

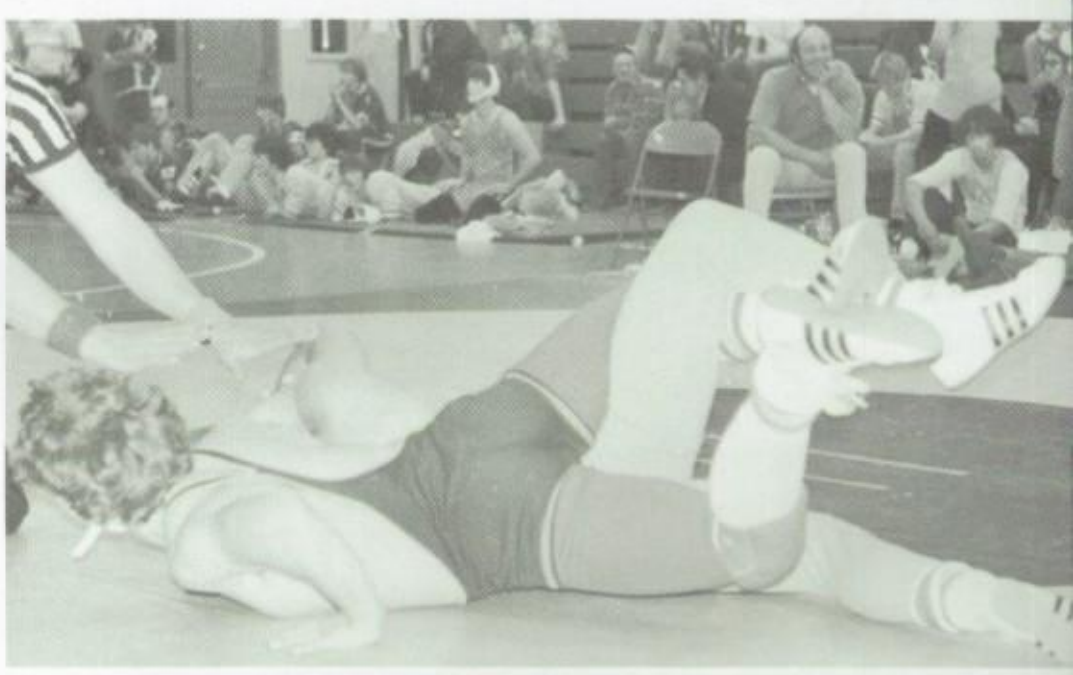
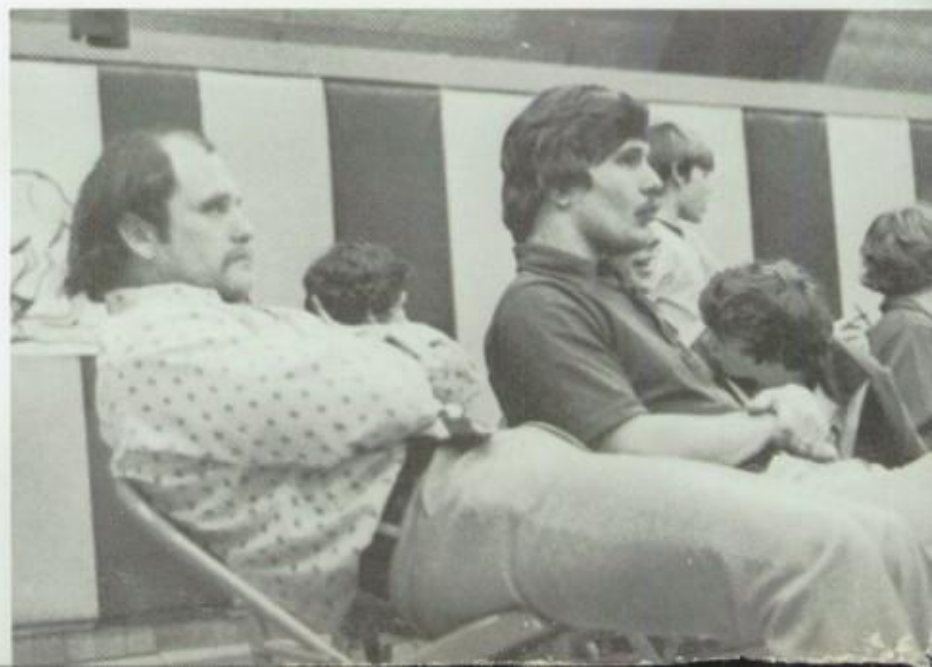
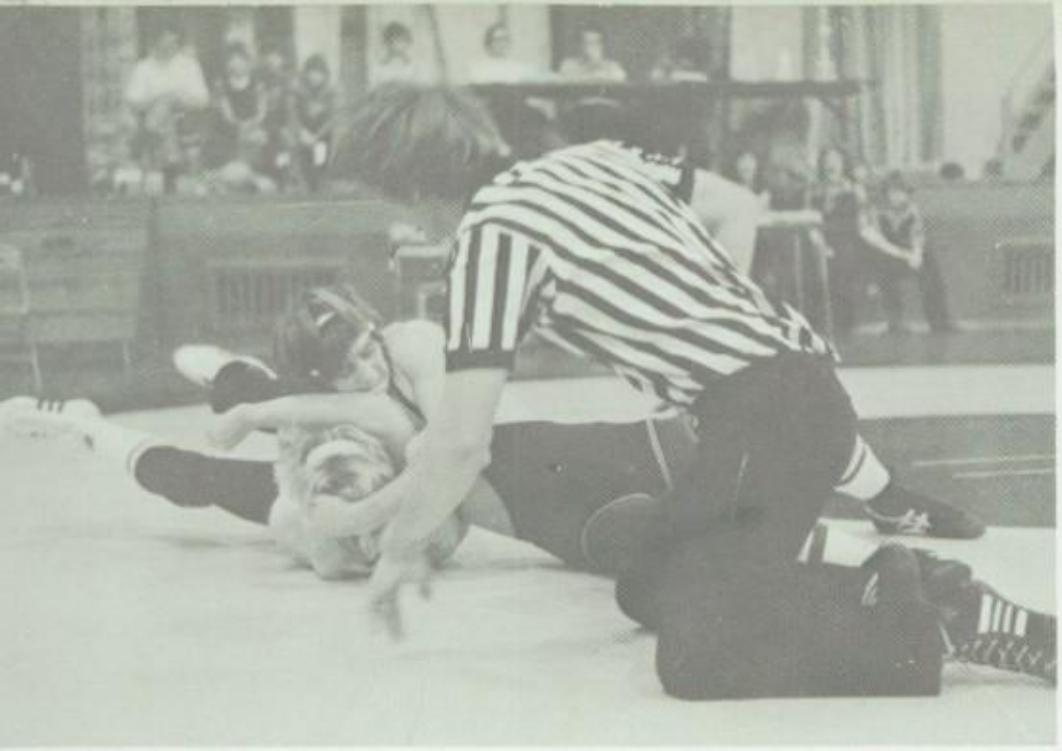
Wrestlers Know All the Moves

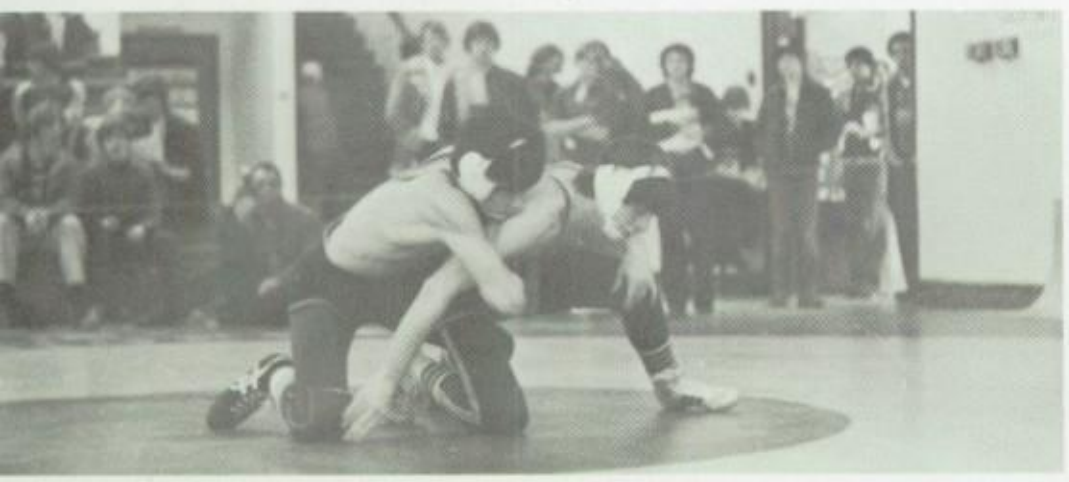
The 1978-79 Glide High wrestling team consisted of: Top row, (left to right). Larry Morene, John Quimby, Tony James, Karl Krom, Todd Schwartz, Glenn Powell, Gary Coumbs, Kirk Jones, Nathan Hightower. Middle row, Richard Quimby, Brett Wadsworth, John Phillips, Darrell Schultz, Travis Anderson, Brad Zuver, David Watkins, George Hickey

Clockwise: Lincoln Savage turns his man. The beloved coaches show their enthusiasm. "Mild mannered" Brad Zuver applies a little head pressure.









The 1978-79 wrestling season was one of hard work, great expectations, and the thrill of victory. Because of the wrestlers' hard work and great desire, they were able to skip the agony of defeat. Along with being the district champions, our Matcats also captured the league dual meet title.

The Glide wrestlers went into the district tournament as the favorite, and no one should wonder why, seeing as how they had previously defeated every team in the league and had such returning wrestlers as David Watkins, Brad Zuver, and George Hickey, all of whom were state competitors the previous year.

Glide had four district champions, starting at 98 pounds with David Watkins. George Hickey took the champion crown at 148 pounds, followed up by still another champion at 157 pounds in Lincoln Savage. Darrell Shultz was the champion at the heavyweight spot. These four wrestlers, along with John Quimby at 106, qualified for the State AA Tournament.

Other top placers were: Larry Morene, Nathan Hightower, and Brett Wadsworth, all placing third.

Glide also had the "Outstanding Wrestler" of the district tournament with Lincoln Savage. Lincoln was also voted the "Most Improved" at the winter sports banquet, and George Hickey was voted "Most Outstanding."

Clockwise: George Hickey pins his man. George Hickey after his championship at 148 lbs.

Glide sent five wrestlers to the AA state wrestling finals again this year. David Watkins made his second trip and claimed the sixth spot at 98 pounds while George Hickey, also on his second visit, placed fifth at 148. John Quimby and Darrell Shultz both turned in excellent efforts but the competition was tough. Lincoln Savage wrestled well but suffered an injury which kept him out of final competition.

David Watkins was also the 98lb. J.D. State Freestyle Champion.

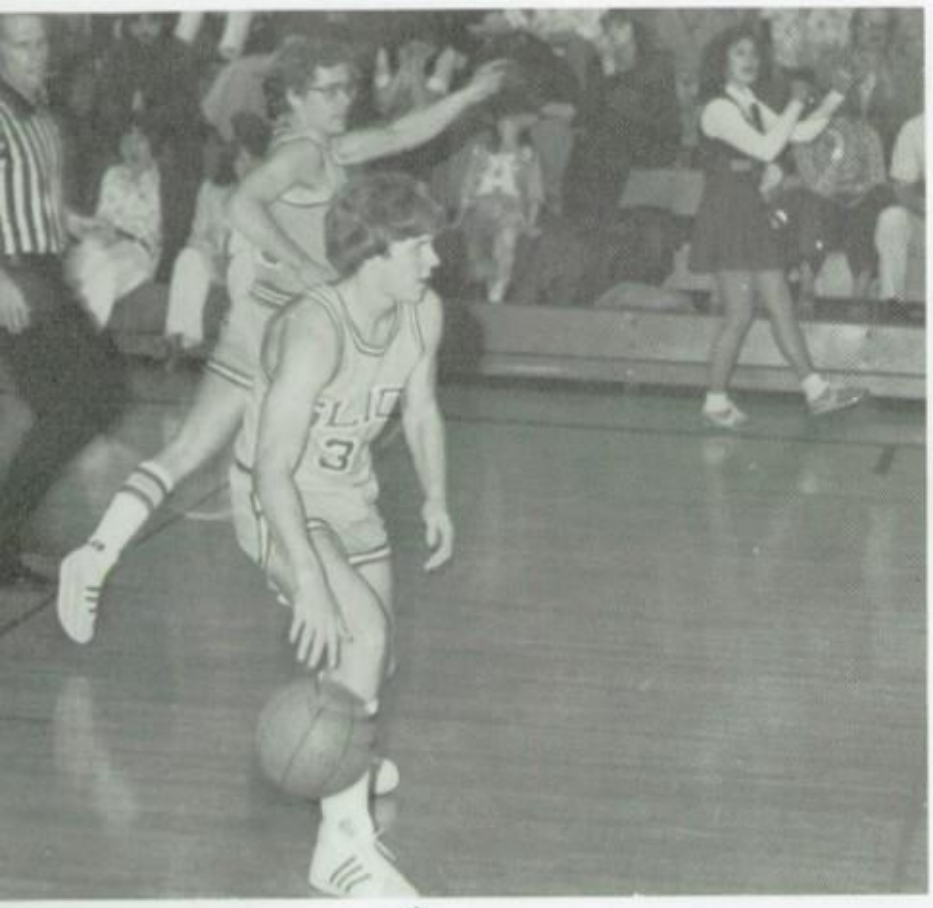
Facing page clockwise; Wildcats tear up the Billies. John Phillips in a winning position. Don Vaughn carries his man back to the center. Nathan Hightower applies a pinning combination. Brad Zuver, escape artist, struts his stuff. John Quimby in control. Todd Schwartz with his man flat. David Watkins pins another one.

Varsity Basketball

The 1978-79 basketball team was one that created much excitement. The team record of 5 and 17 did little to indicate the hustle and effort that was the trademark of this young squad. Inexperience caused the loss of several close contests that next year's squad should be able to overcome.

Graduating seniors Charlie Livermore, Jeff Roberts, John Sheppard and especially, All-League Casey Schmidt will be missed. However the five returning juniors, Scott Fugate, Gary Mendenhall, Rick Hink, Del Williams and Duane Lundsten, along with sophomore Russ Johnson will show promise for the years to come.

Top row(left to right). Coach Dave Swearingen, stat Karen Deedon, Jeff Roberts, Charlie Livermore and stat Lynette Goodemote. Middle row-Manager Jason Harris, Gary Mendenhall, Duane Lundsten, Russ Johnson, Scott Fugate, Del Williams and Casey Schmidt. Bottom row-Stat Mary Magness, and stat Phillis Oestman.



Above(left to right). Duane Lundsten and John Sheppard set up the offense in backcourt. Gary Mendenhall hustles back to recover on defense.

Clockwise, starting in upper left corner. Scott Fugate goes up for another 3 point play. Coach Dave Swearingen stands to instruct his team as Fugate prays for help. Casey Schmidt dumps another free throw for the Cats. Cats crashing for the rebound after a Charlie Livermore free throw attempt. Jeff Roberts and Del Williams acting like they're preparing for the game. Duane Lundsten waiting for the good pass.

Junior Varsity

Glide's junior varsity hoop squad finished a frustrating season with a 4-19 record. Though the Wildcat wins were few and far between, Coach Rada was pleased with the progression of his young squad throughout the season. The 78-79 junior varsity basketball team was made up of ten sophomores.

George Looney led the J.V.s in scoring and rebounding. Steve James, Chuck Guyer, Ron Hall, Rick Moffit, Scott Marlega, and Jordon Buck were the Wildcat mainstays on the boards while Don Collins, John Fummerton, Tony Sheppard, Randy Goode, and Alan Burch led the Wildcat attack out front.

Led by Captain Casey Schmidt, the 1979 Wildcat Baseball Team finished the season in 3rd place in the Sky-Em league with a record of 9 wins and 5 losses. The young "cat" team finished behind perennial powers South Umpqua and Marist who represented the league in the play-offs.

Captain Schmidt was selected outstanding player of the team and was also the leading hitter with .424 average. Other special awards went to Clinton Savage who received the "most improved player award" and the "most inspirational award" went to Glide's ace

pitcher, Joel Harvey. Schmidt was also selected as 1st team all league and Savage was selected to the second team all-league. The baseball team will be eagerly awaiting next season as the entire team will return except for seniors Schmidt and Chapman.

Class of 82: Endeavoring

Endeavoring: (*adj.*) 1. to exert oneself to do or effect something; make an effort; strive.

The freshman class of 1982 may well be a very good example of what ERA had done for the female sex. The female athletes had winning seasons in volleyball and basketball while their male counterparts strived to attain respectability for their courage and willpower while having poor luck in the winner's column. Nonetheless, their combined effort in areas such as school spirit and extra curriculars earned them the name, "Endeavorers."

Class of 81: Conscientiousness

Conscientiousness: (*adj.*) 1. controlled by or done according to conscience; scrupulous.

The sophomore class of 1981 maintained a state of conscientiousness and exactness when responsibility lay heavily on their shoulders. Whether it be decorating for the Homecoming dance, winning class competitions or grinding it out in sports, they learned what it is like to have pressures and responded with reliability, responsibility, and a high degree of conscientiousness.

riting a testimonial is difficult. We wanted to show
hat we cared about Nici without sounding corny or
rite. We decided that it would be best to let Nici's
fe speak for itself.

he most important things in Nici's life were her
riends, family, and cheerleading. Nici had many
riends and each one meant the world to her. Anyone
o has had a class with Mr. Swearingen has probably
eard him say that Nici was forever on the phone,
ways chasing boys and she seldom picked up a book
study. But then, what do fathers know?

ci is no longer with us, but her pleasant memory
ves on forever.

Class of 80: Consistent

Consistent: (*adj.*) 1. holding firmly together; cohering. 2. fixed, firm; solid.

Consistency is a very good trademark for the junior class this year. They persisted in their efforts to have various talents appear in sports, academics, and student government. They were responsible for the junior store, floral decorations at Homecoming, and the junior-senior prom. Their perseverance helped them gain success and substance for the future.

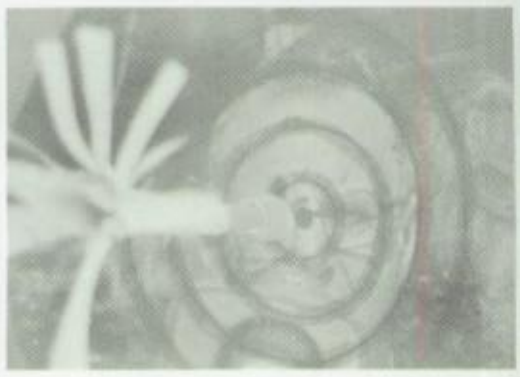
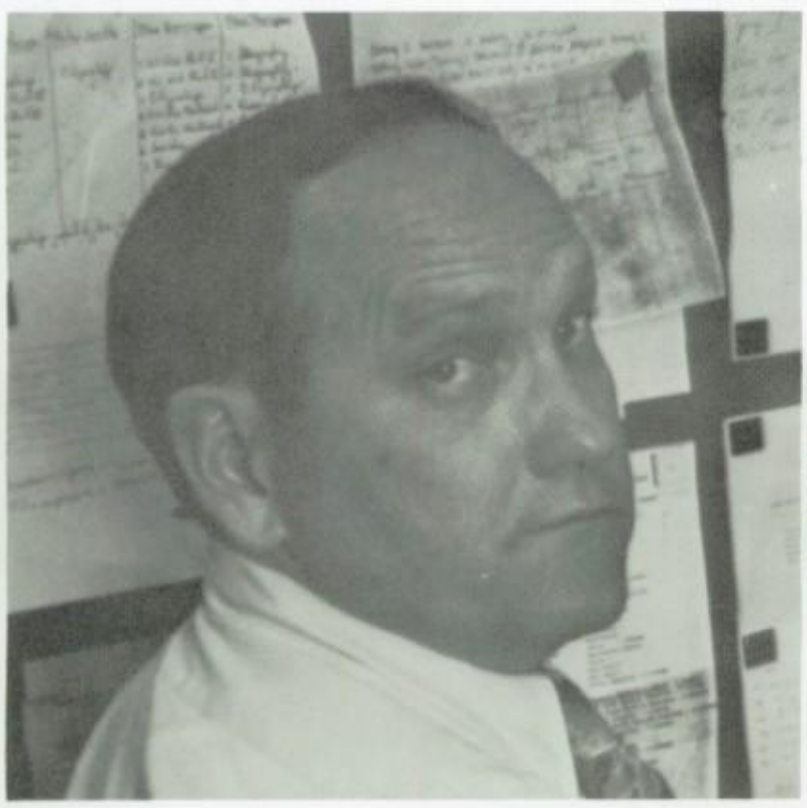
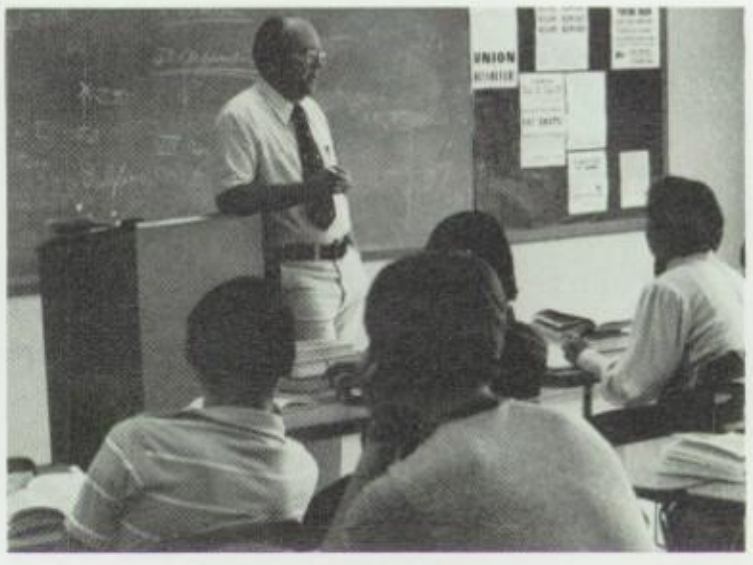
Administration, Counselors, D.O.

The Administration, Counselors, and the District Office were all run by seven efficient but still hospitable people. The magnificent seven are: (clockwise from above) Ms. Glenda Roberts, Mr. Norman Bergstrom, Mr. Chester Dady, Ms. Ann Evans, Mr. Del Jordan, and the ever-popular Mr. Gary Lowe. Another job well done.
Far left: Mr. Bergstrom is vanda, ized!





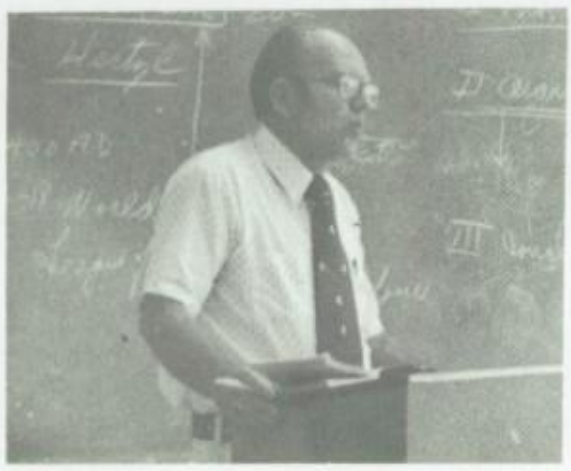
Social Studies



"From the halls of Montezuma..." Who else but the Glide High social science department could tell you who Montezuma was, how he lived, when he lived, and how long the Marines have bugged him by singing in the halls? Nobody, that's who. This multi-talented group of guys can teach you the wonders of the world of world history as well as how well we treated our scape-goats and heroes. These marvelous fountains of knowledge are: (upper left) Mr. Dave Swearingen, master of sarcastic wit; (bottom) Mr. Cleve Thompson, master of the long-distance sprint; and (upper right) Mr. Acel Lowe, master of the ever-popular news-report. No one does their job better than the Old Masters.

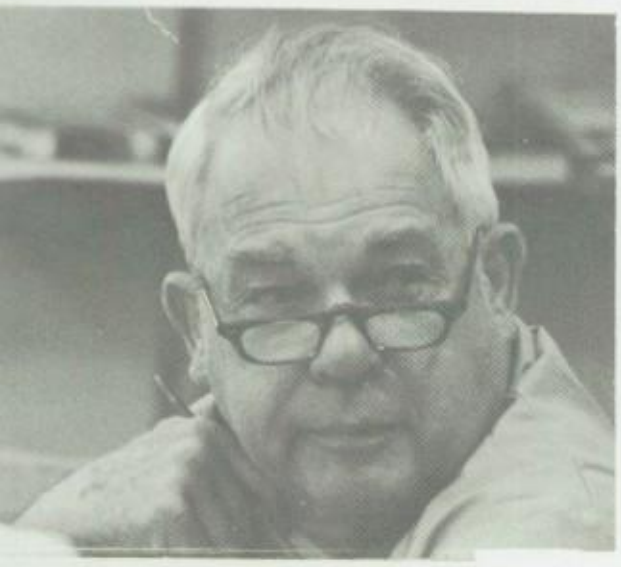
Communicative Skills

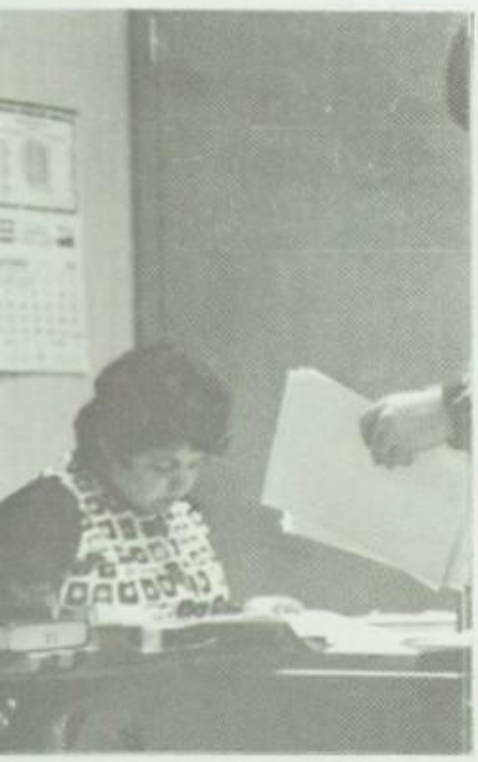
The language arts faculty werking hard at learning us are grammer and speling. They were full of pip an bitality, teaching us to reed right, speak right, and write right. There was no mising with a staf like this. Just by looking at the excited faces, you can tell how viborous they were!
Clockwise from above right:
a. Mr. Robert Wiard in a wired state.
b. Mr. Thales Smith deliberating on the many adventures of his life.

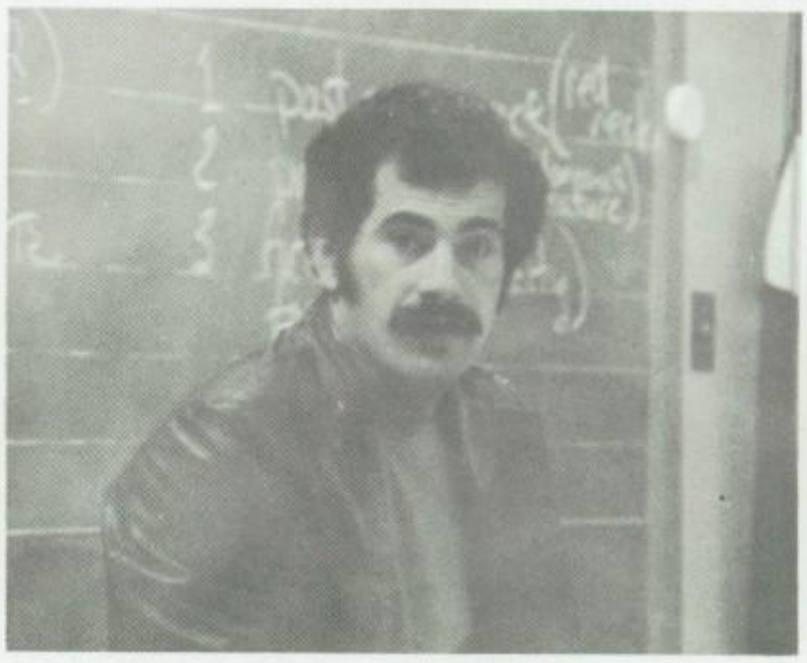


c. Mrs. Leslie Burgess day dreams about two o'clock feedings.
d. Mr. Eric Wade that's an interesting proposition.
e. Mr. Acel Lowe whistling taps to undeciplened student.
f. "That's all very well and good, but..." Mrs. Elaine Murphy looks over the freshman class history.

Science and Math







The Science and Math Department was lookin' good this year with interesting subjects and lightning witted teachers. They were (clockwise from far left) Mrs. Susan Shiveley, Mr. "Doc" Trolinger, Mr. Rick Thomas, Mr. Maynard Mai, and Mr. Robert "Bush" Altvatter. Left: Brett Wadsworth works to get his note book caught up. Below: Two thrilled students reflect quietly.

Band Choir

The following you are about to read is true, well almost. Only the names remain the same to incriminate the guilty. The music department was busy with concerts and contests and other activities too. Director Dale Lange did an excellent job of keeping the music flowing, though not always harmonious. All in all, the Band, Choir, and Swing Choir did a fantastic job. Well done!

The Band: 1st row; G. Looney, K. Young, D. Torrance, D. Ferro, G. Powell, K. Olson, B. Wadsworth, 2nd row; S. Joseph, K. Deedon, M. Pendo, B. Sargent, E. Griffiths, M. Phillips, J. JAM SESSION !

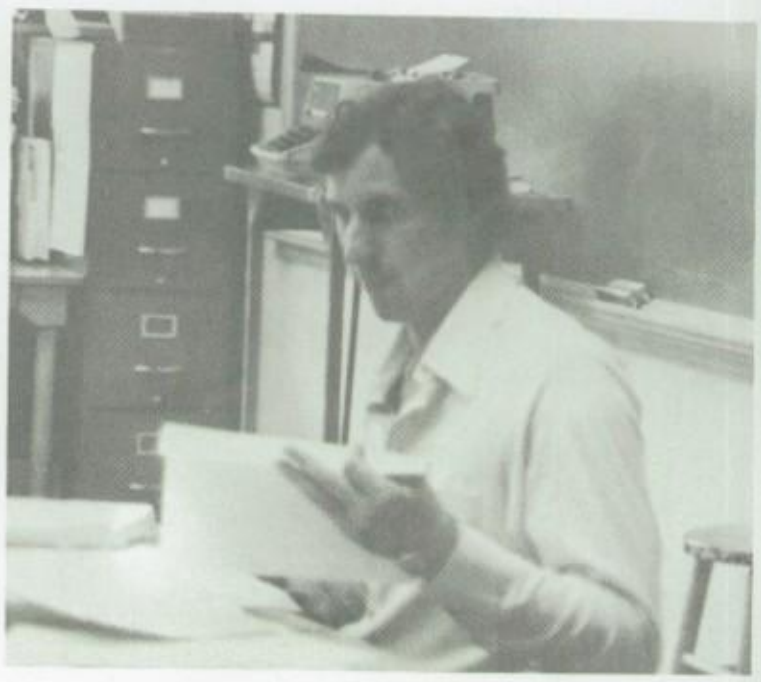
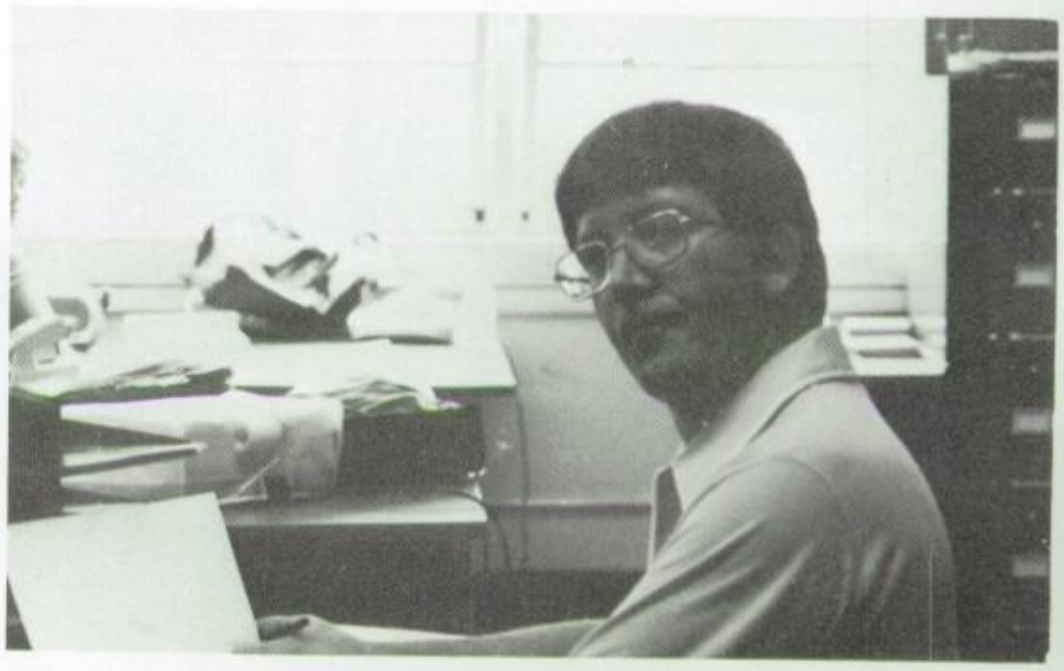
Library

The library's success is due to the fact that it contains everything from aardvark and Afghanistinian Astrology to Zinger-zappers Anonymous and Zulu Zoology. The people responsible for this veritable fountain of knowledge are Ms. Sue Render and Mrs. Donalee Stancliff. These two brilliant ladies kept the information flowing and the quiet going so that not one person could complain to their teacher," There was nothing on that!" If you were having trouble, all that was needed was a quiet cry for help. That's how simple it is to use the library. Above, left to right: Mrs. stancliff works away at her job. Ms. Render looks up to see if everyone's working. Shannon Joseph puts books away. Opposite: The librarians are very helpful. Below left: Your typical study hall students.

Business Ed.



Students who took typing, shorthand, and bookkeeping...found themselves in the hands of some of the most competent teachers found at G.H.S. These teachers were Mr. LaBeck, Mr. Roehl, and Mr. Jacquot. Clockwise: Dale Rummel shows his real self. Mr. Labeck tells his students that they don't have early lunch. Mr. Roehl gives the camera a sly look as he records grades. Mr. Jacquot writes out another student body check.



Bob
Quinton, I really had fun with you & Greg & Art Goss in last year. You guys were always late & getting in trouble. I'll miss your class & the fun & derision (?)

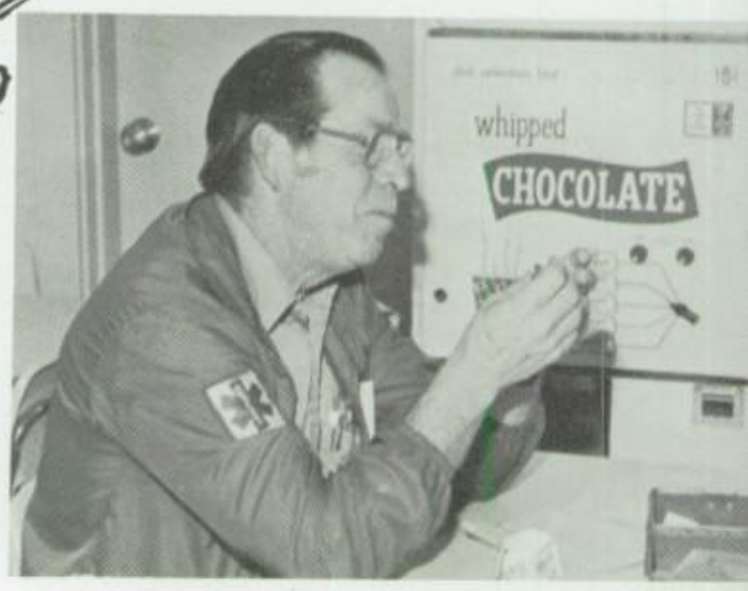
Practical Arts

Practical Arts, Clockwise from bottom: Mrs. Wallace shows her art class the fine points of pottery. Mr. Powell again tells his students that no matter how you look at it a tree is a tree. Kathy Dawson, Mirror, Mirror... Mr. Hodges tells a student all he needs to know about the machines in wood shop. Mr. Wilt smiles fiendishly as he rips off with some paper for his drafting class. Mr. Blackburn explains to Don Vaughn about welding.

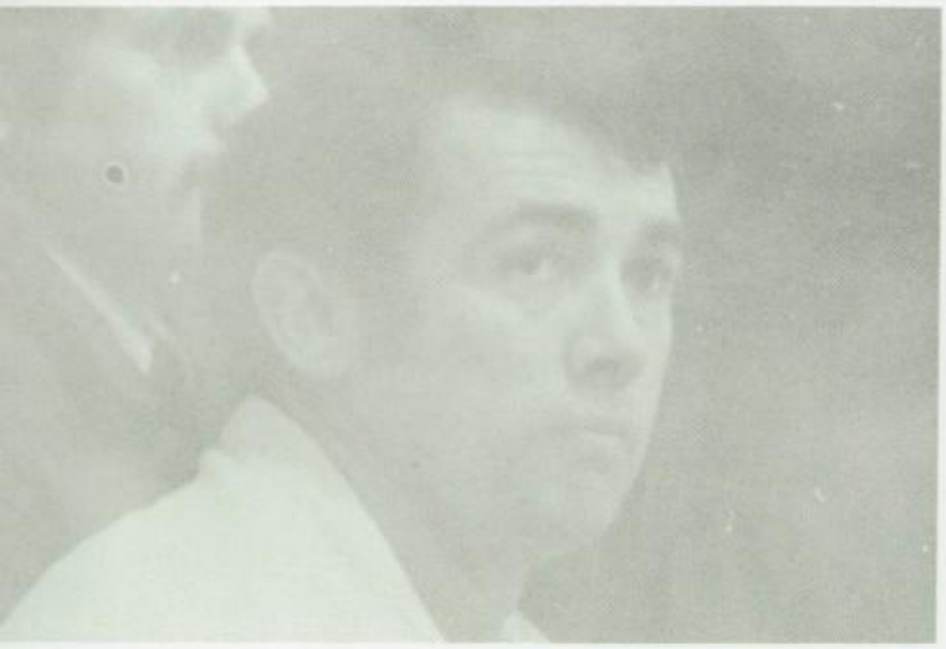
Stay the same. Look in the future always. Love ya's

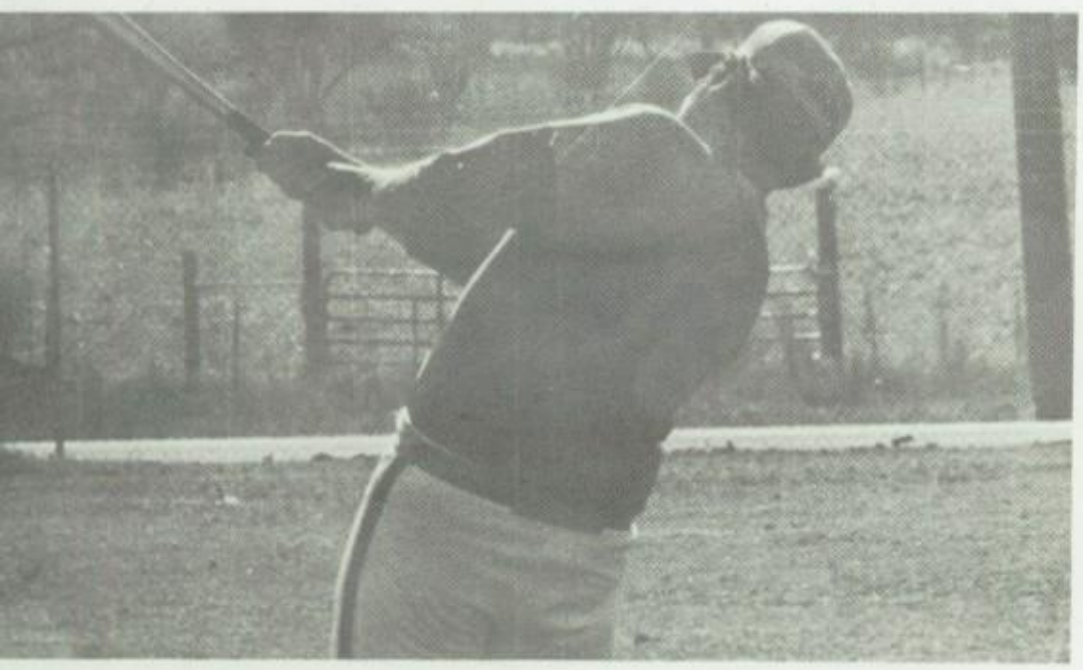
Cooks, Custodians, and Busdrivers.

The Cooks, Custodians, and Busdrivers are the famous (or infamous) people who feed us, clean us, and take us from place to place. Above right (from left to right): Mrs. Shirley Melvin, Mrs. Annette Barfield, and Mrs. Maxine Heidrick make a pretty picture. Right: Mr. Bob Stringer contemplates how they get the hole out of the doughnut. Below right: Mr. Bob Riley cruises the campus. Below (from left to right): Your Operators are: Mr Jim Brittson, Mrs. Velma Craig, Mr. Norm Kerchmann, (up) Mrs. Marjorie Merchant, (down) Mrs. Barbara Sulffridge, Mr. Orville Shanafelt, (up) Mrs. Andrea Burch, (down) Mrs. Patricia Herriges, Mrs. Mellissa Banks and Mrs. Lynetta Smith.



P.E. + Health





The Physical Education and Health Department kept most every freshman and sophomore alike on his or her toes. They kept them running, jumping, hopping, and learning with lots of fun and excitement. The teachers are almost always the student's favorite and so they always seem to do better in those classes. Let's hear it for those great athletes that keep us in shape!

Clockwise from left:
The magnificent Mr. Paul Rada shows his prowess as an all-star baseball coach.
Mrs. Sharon McManus keeps excited students under control.
Athletic Director Mr. John Livingston keeps a wary eye out.
Above: Many... Interesting things go on in the gym.

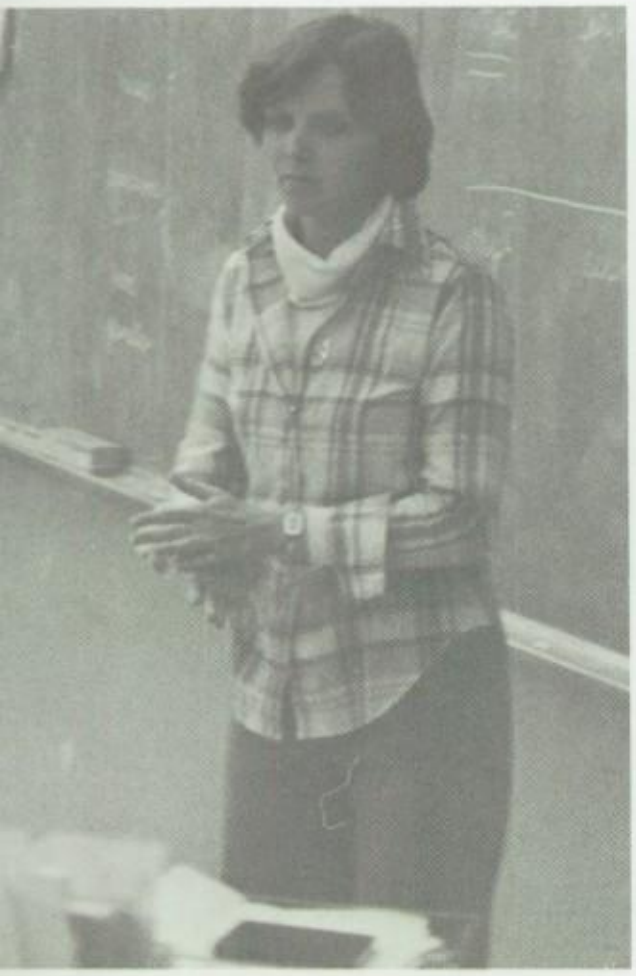
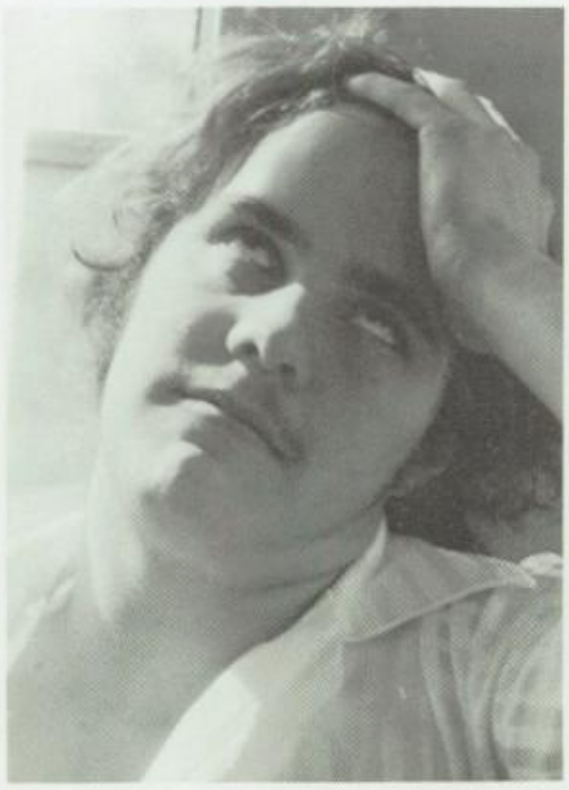
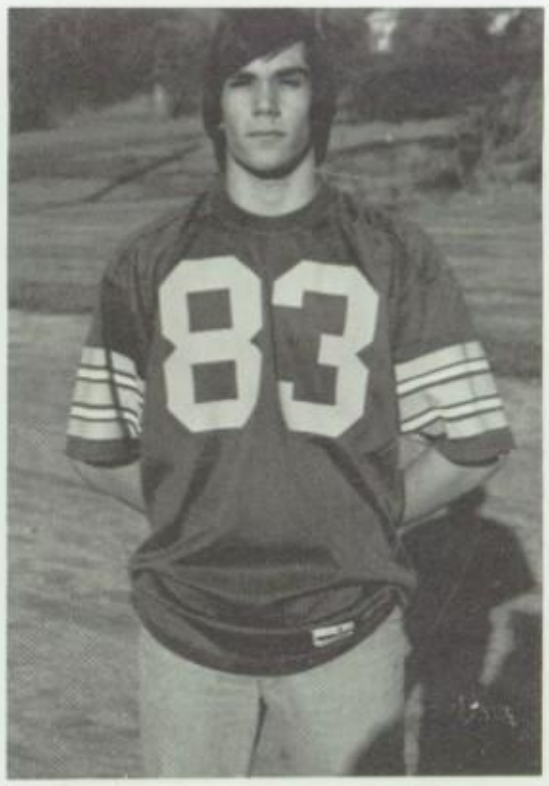
Yearbook

The 1979 Atoka took on a brand new look this year, using several techniques that haven't been a part of Glide's books in the past. included in this category are the fancy graphics and more pictures. The staff also used the idea of a theme carried through the book. The theme was "Going Somewhere".

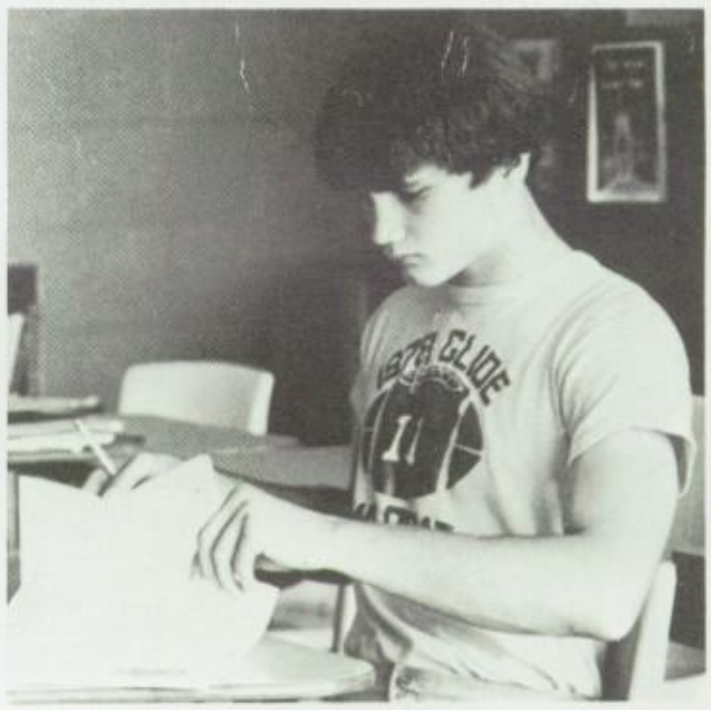
Clockwise from above, hardworking Kris Woolpert puts on her "Mark's picking on me" face. The gang, top row, Kris Woolpert, Kyle Meisner, Scott Fugate, in the phone booth, Rusty Cole, Mike Irving, standing, Mrs. Ellaine Murphy, Naomi Thuemler, Mike Parker, Cindi Grossardt, Karl Krom, Norma Cyphert, Tina Finnell, Greg Anderson, seated, Brad Zuver, Todd Weekly, lying down, Mark Axton, John Cyphert. Below that, our staff at work. Rusty Cole and Mike Irving taking a break and discussing how rough they have it.







More yearbook madness, clockwise from below, Super Sports Editor Scott Fugate getting down to business. Looney Layout Editor John Cyphert cought moonlighting. Able Advisor Elaine Murphy pretending to be calm. Exasperated Editor-In-Chief Mark Axton pretending to panic And then there's darkroom attendant Kieth Chapman. Kieth, what's that behind your back? Kieth?...Kieth?



We are young,
But we are many.
We are our nation's future
As well as its past.
We understand our responsibilty
And we shudder,
But we stand strong,
And face the light.
We are small,
But our hearts are large.
We are today's strength
And tomorrow's knowledge.
Believe in us,
For we are your children.

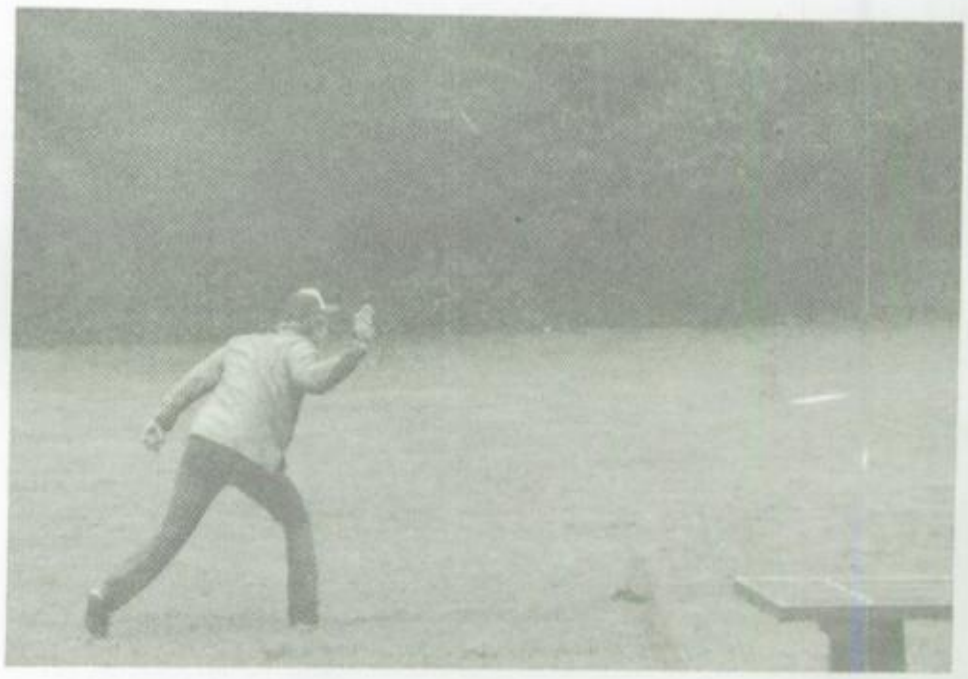
OUTSTANDING SENIORS . . . 128

WHERE HAVE ALL

Tired of the everyday life at Glide High, the class of 1979 headed out for Honeyman Park, and the sunny, (ha!ha!) beach. The carefree skippers spent the day playing in the dunes. Despite the rain, which was coming down only part of the time, the seniors seemed to have no problem enjoying themselves. The chaperones also participated in the fun as Mrs. Flury got to cook the food, and Mr. Thompson and Mr. Rada got to eat it. The munchies consisted of such tasty



morsels as hamburgers, hotdogs, pop, fudge, taco salads etc. When 7:30 drifted around it was back in the stereo equipped Orange Crates and home to the booming metropolis of Glide.

THE SENIORS GONE

Clockwise on facing page: Nancy Howe, Dana Hogan, and Casey Schmidt conquer another sand dune. Mr. Thompson keeps an eye on the situation.

Clockwise on this page: Mr. Rada practices the fine art of yoyo-ing. Casey and Mr. Rada are--what are they doing? Rod Botts aims a frisbee at an unsuspecting Jeff Roberts.

A Golden Past

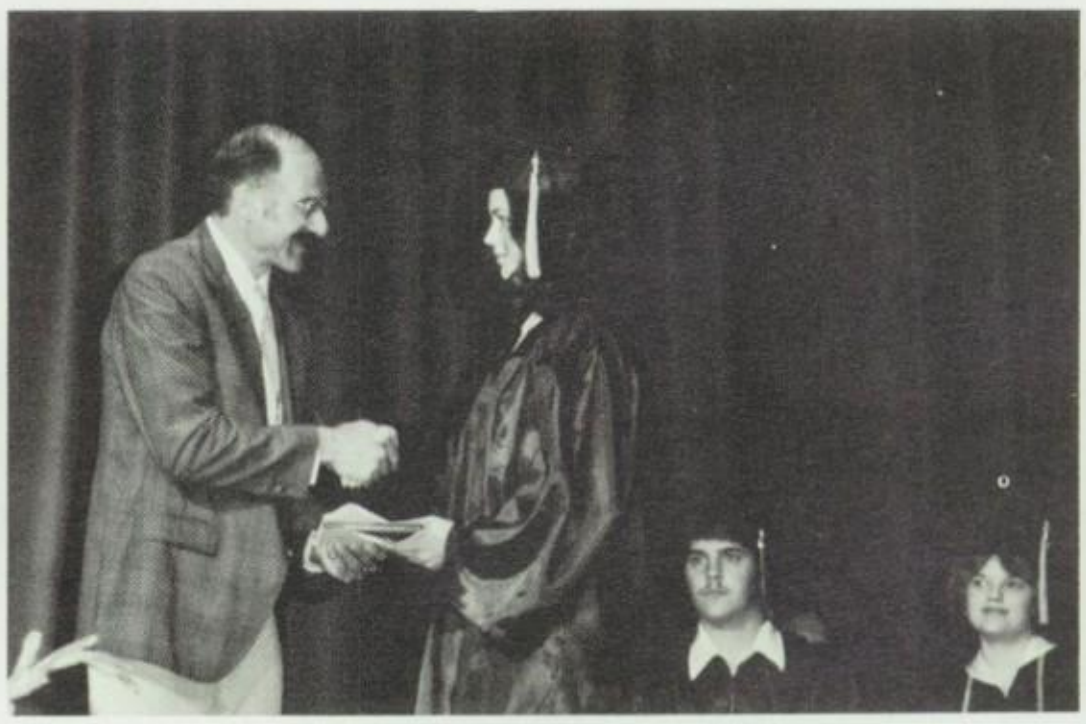
The day the seniors had been awaiting for four years finally arrived. Graduation ceremonies began with an invocation by Marlene Lowe and welcome address by Mark Axton. Next followed Dana Hogan's valedictory and Keith Chapman's salutatory addresses. The highlight, of course, was the presentation of the class of 1979 by Principal Norman Bergstrom and the conferral of diplomas by Robert Sawyer. The ceremony ended with benediction by Kris Woolpert.

Music was provided by Mrs. Lorraine Wadsworth, Shelle Roisum, and Hollie Snow.

Clockwise on this page: Leslie Marchando makes it "official." Kris Woolpert closes the ceremony with benediction. The class of '79 assembles on the UCC stage.

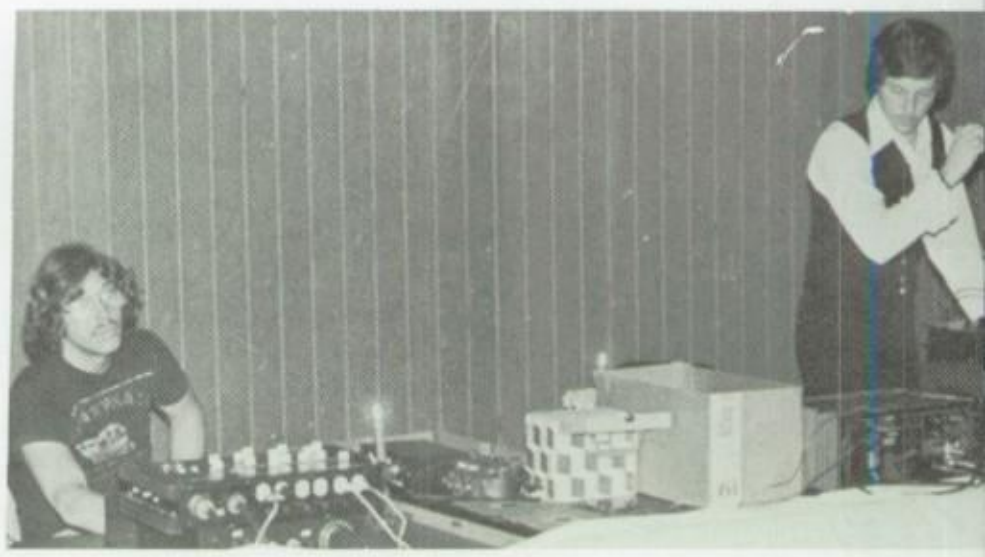
Clockwise on facing page: Kathy McCune smiles demurely while Debi Buck and Mark Axton manifest the sophistication which comes with being a graduate. Shelle Roisum gives her rendition of "Goodbye Girl." Tracy Heidrick consoles a despondent Jeff Roberts. Robert Sawyer confers Marlene Lowe's diploma. Pam Fugate, another casualty of Glide education, receives Mr. Sawyer's congratulations.

A Brighter Future



Time Passages

Prom Court (top to bottom): Tina Finnell and John Cyphert, Marcia Collins and Don Vaughan, Laurie Miller and George Hickey, Kris Woolpert and Keith Chapman, Shannon Joseph and Casey Schmidt.



Mr. Lowe, Mrs. Evans, Nancy Howe, and others enjoy listening and dancing to the sounds of Star Phase Effects. A large reason for the success of this year's prom: Star Phase Effects D.J.'s. King George Hickey and Queen Tina Finnell enjoy the limelight right after the coronation ceremony. The prom court (L-R): Marcia Collins and Don Vaughan, Kris Woolpert and Keith Chapman, Laurie Miller and George Hickey, Tina Finnell and John Cyphert, and last year's king and queen, Tim LaBeck and Julie Schaffer.

Junior - Senior Prom

"Time Passages," the theme of the junior-senior prom, was said to be "one of the best" put on by a junior class. Unlike other proms, people discoed to the sounds of Star Phase Effects until the early morning hours. It was a joyous and happy occasion as Tina Finnell and George Hickey were elected queen and king of the prom.

Clockwise- a congratulating handshake from Tim LaBeck to "King" George Hickey as Laurie Miller looks on. Reigning queen Julie Schaffer crowns the new queen Tina Finnell as a suprised John Cyphert looks on. Mr. Mai and Leslie Marchando perform movements to the song Y.M.C.A.

SENIORS: Two Sides of the Coin

"A coin must have two sides/A day must turn to night." So go the words to the song. And in this respect, the senior class is no different. There are two sides to their story. One side is seen all too easily in candid poses they assumed for school photographers over the years: laughing, joking, playing, hamming it up for the camera.

But that is only one side of our story. What the camera doesn't show is hours spent hitting the books, grueling time spent in atheletic practices and games, devotion to clubs and organizations, and energy spent with part time jobs. And more importantly what the camera doesn't show is the reality of career, family, and social responsibility, facing these seniors in the too-near future.

Above, senior class officers' M. Axton, S. Joseph, G. Hickey, K. Fugate, K. Chapman, M. Collins.

GLENN POWELL

Well known for his ability to maintain sanity in the midst of chaos, Dan Looney was voted "most likely to become a normal well-adjusted human being. For his uncanny nerve in looking for things in places where most people are afraid to think of, Glenn Powell was voted "most likely to discover something important." For his amazing aptitude for thinking of places where everyone else has already been, Don Vaughan was voted "most likely to discover something everybody already knows." Speaking of outstanding, we must remember Clay Hackett, who was always out standing somewhere--except in class. Why else would he be voted "most likely to get a K-7 in life"?

CLAY HACKETT

In view of the fact that he has never in his life said anything serious, Keith Chapman was voted "most likely to become a wild and crazy guy." Upon receiving the honor, Keith was quoted as saying, "For me?" Using his position during the 1978-79 school year as a guide to his future occupation, seniors voted student body president John Cyphert "most likely to become President of the United States or another large corporation. Hail to the Chief. Because of his exciting stunts that will remain forever in the spoken history of Glide High, Darrell Schultz was voted "class maniac." For his unearthly habit of wandering into a room fifth period and asking "Is it second period yet?" Clay Hackett was voted "most likely to be late to our ten-year reunion."

Never to be missed jumping up and down screaming at any sporting event, Marcia Collins was voted "most spirited." Remember the guy who always carried in his pocket a full-sized version of Webster's Unabridged Dictionary, a pencil sharpener, a typewriter, Aristotle's Ethics, and a Univac computer? That was John Sheppard, "class intellectual." Casey Schmidt's melodic rendering of such favorite tunes as "It's Impossible to Put a Cadillac in Your Nose," "The Hills Are Alive with the Sound of Money," and that all-time favorite, "Happy Trails," brought him the honor of being voted "most talented." And humor was never lacking in the class as long as Casey "Jacques Cousteau" Schmidt was around. Let us never forget his immortal words, " ." And although we were an outstanding class, some of us were more outstanding than others. We confidently predicted that John Cyphert was the "most likely to succeed."

Dana Hogan will forever be remembered for her ability to study five subjects at one time without coming up for air. To commemorate her daring scholarship she was named valedictorian of the class of 1979. Keith Chapman constantly amazed and amused his friends by being a "wild and crazy guy" and by being smart and studious at the same time. That is why he was named salutatorian of the class of 1979. The only two seniors who were able to rub their tummies and pat their heads at the same time, Casey Schmidt and Melissa Mosher, were obvious candidates for the outstanding senior athletes. For always being around when you needed moral support, a shoulder to cry on, notes to copy, or a pen to borrow (among other things), John Cyphert and Debi Buck were voted senior boy and girl of the year.

Glide

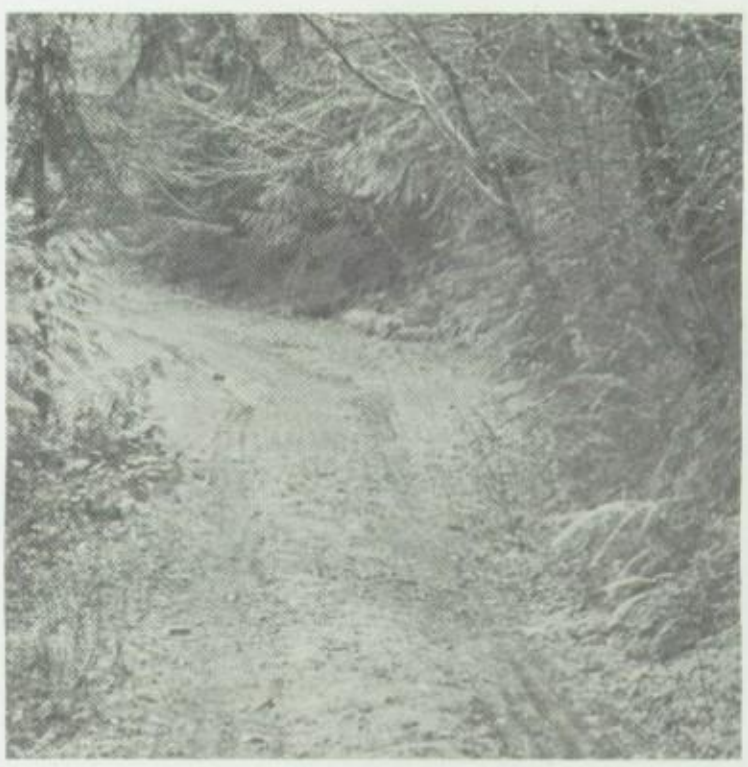
Once Upon A Time

Forced from their homes on the plains, the Athapascan Indians were the first settlers to come to the Glide area. They soon found the Umpqua valley to be plentiful in food and shelter. The river and its tributaries provided salmon and steelhead as a main source of food. The Douglas fir trees provided ample material for shelter.

The Indians lived all along the North Umpqua, but slowly disappeared due to the diseases brought by the white man.

The name "Glide," incidentally, is by no means an Indian name. Legend has it that the town received its name from an early postmistress who took the name from a song sung by her young son.

The Glide area is probably one of the most beautiful in Oregon. It has gorgeous flowers and plants, breath-taking mountains, lovely waterfalls, and spectacular sunsets. The trees are all a beautiful green during the spring and summer and many stay that way throughout the rest of the season, including douglas fir and pine. Still, the most fantastic time of the year is Autumn. That's when the maple and dogwood turn red, and the oak and alder turn gold. The school district is one of the largest in area: extending forty-four miles up river and sixteen down river for a total of sixty miles long and several miles wide. The district includes many other unincorporated towns besides Glide itself, including Dixonville, Steamboat, and Toketee Falls. All in all, the Glide area is a wonderful place to live, whether you live on Buckhorn Road, up Little River or Cavitt Creek, up river, or in good ol' Glide itself.



. . . HAPPILY EVER AFTER.

SPECIAL THANKS

To Mike Marchando for most of the group shots and all of the portraits. To Jerry Humphrey for help in the photography department, performed above and beyond the call of duty. To the News Review for supplying various & sundry sports photos when we were in a bind. To the staff, for finding it in their hearts to pull together and get some work done every now and then, and especially to Mrs. Murphy, for giving me the confidence and professional support I needed to get this thing finished.

THANK YOU ALL, AND GOODBYE!

Quinton-
You're a really super-fun guy to be friends with. Please don't wake me up at 6:00 with your horn. Keep staying as great as you are, I really hope you'll become an artist soon

P.S. You're so cute (cecelia thinks so too!)

I think the closing of the yearbook is the hardest part to write. What can you say? We've all experienced so much together, and most of us, though we won't always admit it, don't really want to leave. Sure, we've got a lot to look forward to: summer vacation, new lives, new experiences.

Still, this year, these times, these friends will always be a part of us. And that is what life is all about.

Mark Axton,
Atoka editor

Quinton,
You are such a
space case. In class
you were so dumb.
But maybe you should
mellow out (not really)
